German Communique Says Nazi Fliers Continue Systematic Destruction Of Soviet Bases

By PIERRE J. HUSS  
International News Service Staff Correspondent

BERLIN, June 26.—Successful bombing of a Soviet army staff headquarters at Foror Castle on the eastern front was disclosed today as Reichsfuehrer Adolf Hitler's field command postponed a promised statement detailing the full extent of German victories.

The moment is not yet opportune, it was said, to "lift the curtain" and disclose full details of military operations, and it may be hours or even days before what were termed the "amazing successes" of German blitz troops are announced to the world.

**Arouses Speculation**  
(Editor's Note: Unexpected postponement of the scheduled statement from the fuhrer's headquarters led to keen speculation among military observers as to whether Berlin may not have over-emphasized the extent of Nazi successes at the beginning. But Moscow stoutly maintains that German spearheads driving thru (Continued On Page Two)

Competition was keen along the Wilmington road on Wednesday, when no fewer than four ice cold lemonade stands were set up about 2,000 yards apart. There appears to be quite an enterprising "younger set" in this district.

Workmen are ready to pour the black top surfacing material on Scotland Lane, to complete the job of hard surfacing this street which connects West Washington street extension and Route 422.

Registrations are being accepted quite rapidly for the coming Boy Scout camping season, and any desiring to attend the camp who have not yet made reservations should do so immediately by calling 5477.

One week from tomorrow is the Fourth of July. So far the chief celebration being planned in the district appears to be the one at Bessemer.

On some highways of the district the weed cutting program along the berms is already in progress. There are a lot of weeds to be cut on city streets this year, the heavy rains and hot weather having developed a bumper crop.

Fishermen who have been haunting the streams for some weeks in search of trout are now getting ready for the bass season, which is soon to open. Streams have been stocked during the past year and good bass fishing is anticipated.

## U. S. Material Aid To Russia Depends Upon Fight Put Up

By KINGSBURY SMITH  
International News Service Staff Correspondent

WASHINGTON, June 26.—Authoritative quarters indicated today that American aid to Soviet Russia is, for the present, going to be chiefly in the form of moral support to encourage the Russian people to resist the German military onslaught.

The United States government, it is said, is seeking all reasonable ways and means of bolstering the morale of the Russian people but it is not prepared to turn over any important defense materials to the

Soviets until they have shown conclusive evidence of a determination to fight to the utmost of their ability.

**Await Developments**  
If the Russian armies hold the Germans in check and it becomes apparent they are determined to continue fighting, this government will then be prepared to consider meeting some of their practical military needs.

One effective means of assistance, informed quarters said, might be to turn over to the Soviets some of the American-made war planes that (Continued On Page Two)

## Non-Interventionists Oppose Sending Vital War Supplies To Soviet

By GRIFFING BANCROFT  
International News Service Staff Correspondent

WASHINGTON, June 26.—House Non-Interventionists today planned a two-fold move to minimize the possible transportation of vital war supplies from the United States to embattled Soviet Russia. The plans contemplate:

1. A congressional act proclaiming absolute opposition to any such shipments.

2. A resolution to proclaim that a state of war exists between Germany and Russia.

The latter plan is designed to bring into effect provisions of the American neutrality act which forbids United States vessels to travel into war zones. It followed a state department announcement that President Roosevelt does not plan officially to recognize the new war, thus leaving American ships free to transport goods to Russian ports.

## New Air Raids Made By R. A. F.

Large Force Of British Planes Attacks German-Occupied French Coast

By CHARLES A. SMITH  
International News Service Staff Writer

LONDON, June 26.—A large force of R. A. F. planes attacked the German-occupied French coast today after bombers during the night poured fire kindling bombs on the German bases at Bremen and Kiel and hammered Boulogne.

From dawn on through the day swarms of British fighters patrolled the English Channel and French coast following the terrific hammering meted out to Kiel and Bremen last night.

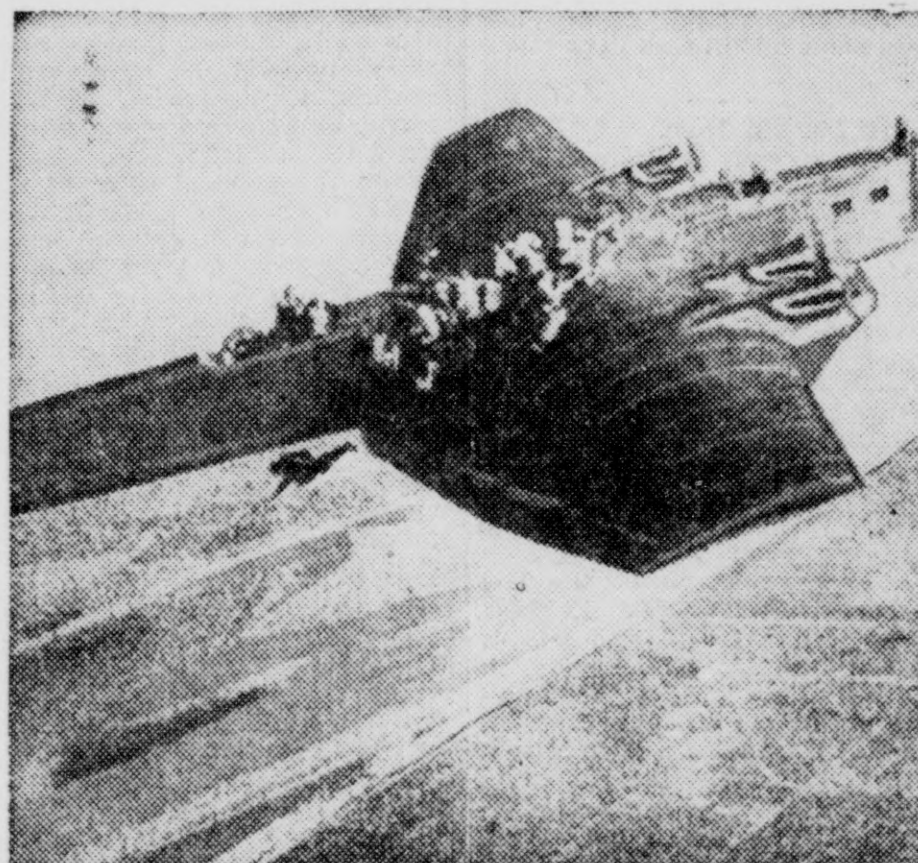

Then, early this afternoon, power squadrons of bombers crossed the Kent coast and sped to France. A few minutes later the rumble of distant explosions across the mist-shrouded channel told the story of another devastating daylight raid.

The Nazi naval base at Kiel, and the German port of Bremen were subjected to blistering night raids. The air ministry said large fires were started at both centers and that the docks of Boulogne also were bombed. One British plane was lost.

## N. Y. A. Center May Be Opened Friday

Although the opening of the National Youth Administration Work Experience Center here was tentatively set for Friday, June 27, it was not certain at press time today that the equipment necessary to the housing of the boys would be in. Approximately 60 boys are ready to enter the center and take up the work of learning defense jobs. Some of them are from Lawrence county, others from adjoining counties. J. C. Pella who has been appointed supervisor of the center has arrived and is shaping up the plans necessary to the opening.

BUDAPEST, June 26.—Soviet bombers pounded on the Rumanian capital of Bucharest twice today, delivering two terrific air raids on the city.

The first attack began at 5:30 a. m. and continued half an hour. The second began at 6:30 and continued for nearly three hours.

Reports to Budapest said the Rumanian port of Constanza, previously bombed by swarms of Russian planes, was in ruins and "still burning."

Bucharest, June 26.—Several civilians were killed and injured when Soviet war planes raided the heart of Bucharest twice today, dropping 20 small-calibre bombs.

## Sweden Will Stay Neutral

By STEN HEDMAN

STOCKHOLM, June 26.—With hostilities raging between Soviet Russia on one side and Germany and Finland on the other, the Swedish government maintained a delicately balanced neutrality today.

A foreign office spokesman indicated Sweden had granted permission for transit of a German troop division across Swedish territory to Finland only because the Finns needed help.

He said the Stockholm government had been induced to grant the German request for movement of the troops because the Finnish government wanted German aid and protection against Russian attacks. According to the spokesman, the Germans will not remain in Swedish territory, and no other German demands have been made.

## Russian Bombers Attack Finnish Towns And Cities

By TOIVO VITIKKA  
International News Service Staff Correspondent

HELSINKI, June 26.—Little Finland and Red Russia were at war once more today and during the first 24 hours of hostilities 26 Russian raiders were shot down.

Fighting broke out yesterday when several hundred Russian bombers attacked various Finnish towns and cities. Helsinki had four air raid alarms and bombs fell north of the city, although not on the capital itself.

In other sectors some Finnish civilians were killed and many injured, but authorities described the damage to property as unimportant. While the air raids were in progress, 20 Soviet destroyers shelled Finnish territory near Hangö.

(Editor's Note: The Finnish legation in London issued a statement saying that violations of Finnish territory by Russia and the bombing of 10 Finnish towns and villages had compelled Finland "from now on to defend herself with every means in her power.")

As the Finnish air force fought off the Russian bombers, the Finnish parliament met in secret session to hear a declaration by Premier J. W. Rangell, who described events leading up to the recent situation.

Rangell told of repeated attacks by Soviet armed forces and said the Soviet Union was committing acts of war against Finland.

"For this reason," said an official announcement, "the government has decided to adopt defensive measures in which all available military forces will participate."  
"After hearing the premier's explanation, the Eduskunta (parliament) passed a unanimous vote of confidence."

Swift Counter-Attacks Are Launched By Soviet Troops Says Report

(BULLETIN)  
(International News Service)

MOSCOW, June 26.—The main German drive against the Ukraine has been halted, the Russian high command claimed today, and the main Russian defenses on the eastern side of the Pruth River are still holding up against "overwhelming German and Rumanian pressure."

In addition, the Soviet communique said, German infantry units advancing against Vilna, the capital of old Lithuania, have been isolated from supporting Nazi tank units as a result of a Red army counter-attack.

**Shoot Down 76 Planes**  
A total of 76 German planes was said to have been shot down yesterday, while only 17 Russian planes were reported missing after widespread aerial battles and bombing forays.

The communique said the main German drive against the Ukraine had been halted when Russian troops repulsed a three-fold attack on Cernauli, capital of Bukovina, with "severe losses" to the Nazis.

It added that German naval units at the Rumanian port of Constanza were heavily bombed by Russian planes.

**Charge Germans "Doped"**  
Charging that the Germans were being doped or intoxicated before being sent into battle, the high command announced today.

The swimming pool calls and the playground insists that the kids must be there now and then, so they hike and they swim and they trek down the glens and next day they do it again. No worries or troubles to darken their days, no job that will mar any fun, just long days of pleasure on mountain and lake, the weather is warm, ninety one.

# R. A. F. Downs Many Nazi Planes

## British Bombers Hammer At Kiel

Swarms Of British Fliers Continue Terrific Attacks Upon Germany

### REPORT 110 NAZI PLANES SHOT DOWN

(BULLETIN)  
(International News Service)  
LONDON, June 26.—Swarms of R. A. F. fighter planes patrolled the English Channel and French invasion coastline today after British bombers gave the Nazi naval base at Kiel another terrific hammering during the night.

The German port of Bremen also was subjected to a blistering assault.

The fighter patrol of the channel began at dawn and continued without interruption.

**Chief Objective**  
British authorities said that Kiel, which has now been attacked for three nights in succession, was the chief objective of the R. A. F. last night. Other ports in northwest Germany also were bombed.

The newest British bombing raids represented the 15th consecutive night of heavy British raids on Germany and Nazi-occupied territory.

The air ministry announced that enemy activity during the night was on a small scale. A few Nazi bombs were dropped on the south-east coast of Scotland. One German raider was shot down.

**Down 110 Nazi Planes**  
Meanwhile, the R. A. F. was credited with shooting down 110 German warplanes since the Russo-German war began.

These victories coincided with the vast new British air offensive against Germany, designed as a flanking movement to aid Russia and now developing according to London officials, into the "most gigantic air offensive in the world's history."

Since Saturday, official figures said, 100 German planes have been destroyed by day and 10 by night. During the past 10 days, these figures claimed, 134 Nazi planes have been knocked from the skies at the cost of only 33 British fighter planes.

## U. S. MATERIAL AID TO RUSSIA DEPENDS UPON FIGHT PUT UP

(Continued From Page One)

have been sent to Egypt for the British forces in the middle east. Delivery of these planes is well ahead of schedule and it is thought that the British might be able to spare a few in view of the probability that the Germans will not launch any major offensive in Africa pending the outcome of the Russian campaign.

However, it is said that such action would be considered only in agreement with Great Britain and only when it becomes definitely apparent that the Russians were not going to fold up in the face of the German attack.

**Might Serve Purpose**  
If the Russians were holding the Germans in check and their ability to do so depending upon increased aerial support, it might well serve the interests of both this country and Britain to send them some planes, it is added.

Meanwhile, American aid will be limited chiefly to moral support. While this government is prepared to give immediate consideration to any list of needs submitted by Moscow, and might be willing to facilitate Russian purchases of cotton and other surplus goods in this country, official sources said there is little likelihood that any vital war supplies will be sent to Russia in the immediate future.

President Roosevelt's action in promising all possible aid to Russia, the releasing of frozen Russian funds, and announcement that the Soviet Union would be spared the restrictions of the neutrality act all are regarded as moves of a psychological character in official quarters. They were, it is said, aimed at bolstering the morale of the Russian people rather than having any practical effect on the Soviet military operations.

resistance, cut off enemy infantry units in these directions from their tank forces.

In former Polish territory, the communists said, German attempts to penetrate the Brody and Lvov areas were resisted successfully. In this sector the Red army and air force counter-attacked and the fighting still is raging, according to the communists.

**Repulse Attacks**  
"We have repulsed Przemysl by swift counter-attacks," the communists said.

"In the Cernauli area (of Bessarabia), we repulsed strong attacks by the enemy, who tried to cross the Pruth River. In this Bessarabian sector the Red army held its positions on the east bank of the Pruth River, hurling back numerous attempts to force a passage.

"In the Skuleni sector an enemy attempt to advance suffered a heavy defeat, with remnants of the enemy forces being pressed back beyond the river Pruth. Germans and Rumanians were taken prisoner.

"The Red air force dealt a number of devastating blows to German airmen in Finland and bombed enemy ships north of Libau as well as petrol reservoirs in Constanza harbor."

## Elks Dine, See Group Initiated

Membership Out In Force For Stag Function; Entertainers Score

Putting patriotism to the fore, New Castle Elks forgot the heat last night and turned out in large numbers for the formal initiation of a new class of 36 members.

The induction, culminating months of effort and in line with the nation-wide "for American and her defense" program of the grand lodge, followed a stag dinner of the membership which drew an attendance of 170.

More than 300 were present for the initiation exercises over which Exalted Ruler Verne E. Carr presided in the upstairs lodgeroom.

**District Leaders Present**  
Visiting Elks came from many towns and cities of the district, and among them were Ward M. Knoblow, district deputy grand exalted ruler, in this district, and E. J. Kress, secretary of the North West District Elks association, both residents of Meadville.

The dinner itself brought one of the star entertainment features of the evening—Luke Barnett, Pittsburgh comedian, was here to tickle the Elks home with laughter. He posed from the first as a disgruntled union waiter, and stirred up considerable noise before presiding Elks finally disclosed his true identity.

A floor show brought from Pittsburgh topped off the late-evening program.

Co-chairmen for the membership affair were Floyd M. Houk and W. J. Usselman.

strip for Stalin," Rep. Mundt (R) S. D., a leader of the non-interventionist group declared. It's high time we started looking out for ourselves instead."

On the whole, the Russo-German conflict has intensified the stay-at-home attitude of the non-interventionist and has, to a certain extent, placed the interventionist faction on the defensive.

Foes of the administration's foreign policy confront two advocates with the charge that the new war is one between two dictator nations and contend the United States should have no part of it.

Rep. Tinkham (R) Mass., who sought to have Russia specifically barred from lend-lease aid when that bill was originally passed, declared today that he still supported that view, and added "the United States joining up with Soviet Russia is ridiculous."

The other view was expressed by Chairman Vinson (D) Ga., of the house naval affairs committee, a convoy and all-out-aid to Britain advocate.

**To Beat Hitler**  
"The only reason we are joining up with Russia is to beat Hitler," he declared. "We have only a limited association with Russia."

A move against aiding the Soviets is also forming in the senate. Many senators are in favor of increasing aid to Britain rather than sending war materials directly to Russia.

Although some senators oppose sending materials to Russia, there is general agreement that the United States should help Great Britain in all ways possible to take advantage of the war between Russia and Germany.

Opinion is illustrated by statements of Sens. Taft (R) Ohio, Senator Non-Interventionist, and Mead (D) N. Y., strong proponent of President Roosevelt's foreign policy. Although differing on the "principle" of aid to Russia, both senators said that the opportunity created by Germany's attack on Russia necessitates more aid to Britain.

Taft asserted that Hitler's attack on Russia "indicates he has abandoned the idea that he can occupy the British Isles because the longer Hitler waits the more difficult it will be."

Politicians are the ones who turn pale when somebody says: "Hoover got tough, and look what happened to him."

## Deaths of the Day

Williams Services.

Funeral services for Frank E. Williams, 1308 Delaware avenue, were conducted Wednesday afternoon at 2:30 from the residence, with Dr. Frank Hollinshead, pastor of the First Baptist church, officiating.

Palbearers were William Francis, Miller Henley, W. R. Thomas, Clare E. Roberts, David B. Thomas and George Davies. Honorary pallbearers were: George Marshall, George Owens, Frank Shergar, William B. McIver, Peter F. Stevenson and Clyde E. Stevens. The majority of the palbearers were former co-pastors of Mr. Williams.

The lodge of the Craft No. 433, F. and A. M., held services on Tuesday evening at the home.

Charles Richards, led the congregational singing, during the funeral services at the home, accompanied by Miss Ann Thomas. The Welsh Resurrection hymn was sung at the grave.

Interment was in Oak Park cemetery.

**Robison Funeral Time.**  
Funeral services for John C. Robison, aged 76, of North Beaver township, will be conducted from the residence Saturday afternoon at 2 o'clock with Rev. E. A. Shoemaker, pastor of Westfield Presbyterian church, in charge. Interment will be in Westfield cemetery.

Mr. Robison, a well known and well liked resident of his community, passed away Wednesday morning at 11 o'clock in the Jameson Memorial hospital following a short illness. He had been confined to the hospital about a week.

Mr. Robison, a son of the late John and Rebecca Elder Robison, pioneer residents of North Beaver township, had spent all his life in that vicinity and was the last surviving member of a family of seven children. He was a member of Westfield Presbyterian church, Westfield Grange, Meridian Lodge, F. and A. M., No. 411, of Enon Valley, and New Castle Consistory.

Survivors are his wife, Rachel Taylor Robison; one son, Wilbur, at home; three daughters, Mrs. Lacie Patterson of East Brook, Dorothy and Nancy, at home; three grandchildren and a number of nieces and nephews.

The body, removed to the Mahoning funeral home, was taken to the residence this afternoon at 1 o'clock.

**Scott Funeral.**  
Funeral services for Jack M. Scott of Erie were held Wednesday afternoon at 2:30 o'clock from the Mahoning funeral home, West Madison avenue, with Rev. D. J. Biadell, pastor of the Mahoning Methodist church, in charge.

Palbearers were Corbin, Clinton, Frank and Dick Scott, Marion Davis and Frank Middleton.

Interment was in Oak Park cemetery.

**Bessie Harris.**  
Word has been received here of the death of Bessie Harris, at her home in Atlantic, Pa., on June 23, after an illness. She was a former resident of New Castle, being a daughter of the late Thomas R. Harris, of Chicago, Ill.

Funeral services will be conducted on Friday afternoon at 1 o'clock at the Baird Funeral Home, in Greenville, Pa. Interment will be made in Graceland cemetery here and services will be conducted at the cemetery at 2 o'clock, Friday afternoon.

**Mrs. Myers Funeral.**  
Largely attended funeral services for Mrs. Esther Myers, wife of Israel Myers, Leasure avenue, were conducted Wednesday afternoon at 2 o'clock from the Campbell funeral home, East North street. Rabbi Gilbert Elefant of Tifereth Israel Synagogue, of which Mrs. Myers was a member, was in charge of services.

Members of Tifereth Israel congregation acted as palbearers and interment was made in Tifereth Israel cemetery.

**Infant Jackman.**  
Charles Alden Jackman, one-day-old son of Charles A. and Mary Lou Anderson Jackman, 316 Elizabeth avenue, died in the Jameson Memorial hospital Wednesday evening at 9 o'clock.

The infant leaves his parents and grandparents, Mr. and Mrs. H. L. Jackman of Sharon and Mrs. James P. Cook, New Castle.

Interment was made in Neshannock cemetery, New Wilmington, this afternoon at 2 o'clock, with Dr. J. J. McVaine, pastor of the First Presbyterian church, in charge.

declared to be opening the possibility of a southeastern flanking movement.

The second German attack was said to have carried through historic Baranovitch below East Prussia toward Bialystok north of the Pripiet marshes, while the third was designed to carry due east of Przemysl along the Bug river through Lvov and against Kiel.

## HITLER DELAYS STATEMENT ON NAZI ADVANCE

(Continued From Page One)

Lithuania have been pocketed and cut off, while thrusts in the central and southern sectors of the long battlefield were said to have been thrown back. Great Russian successes were claimed in the Cernauli region of Bessarabia, where repeated Nazi attempts to gain a foothold were said to have been repulsed.

**Not Ready As Yet**  
Authoritative German quarters, discussing postponement of the announcement, said that to begin with Hitler will have to give his personal approval to the communiqué, and this will not be done while there is still any chance of important information reaching the enemy.

With the Soviet air force described as virtually crippled and land operations well in German hands as the result of successful spearhead thrusts into the vast Russian plains, indications in Berlin were that the far-flung German plan of pincer movements was developing with extraordinary rapidity.

From the political point of view, German quarters considered it significant that neither the Russian press nor radio has yet mentioned Josef Stalin's name. He has made no appeals to the army or the people, it was said, and up to now all announcements have been made by Premier Molotov.

German quarters said they considered it possible that Stalin's name is now so unpopular throughout Russia that he is being kept out of the picture for the time being.

**Reports Differ**  
(Editor's Note: This German viewpoint was at variance with official broadcasts by the Soviet news agency Tass, which reported scores of victories, meetings throughout the U. S. S. R. with unflinching loyalty was pledged to Stalin.)

Incessant raids on Soviet airports wrecked or disabled scores of red planes, it was said, and Germany's air supremacy over Russia is now unquestioned.

The high command continued silent regarding the actual territorial gains so far recorded. Developments are occurring so fast, it was said, that it is difficult to gauge the full military importance of the current operations.

**Bomb Headquarters**  
A promised full statement on the campaign had not appeared up to a late hour this afternoon. Authoritative quarters, however, released a few details, including the disclosure that German planes last night effectively bombed Foror castle, described as staff quarters of Soviet troops on the front.

"Great explosions" occurred when stacks of bombs descended on the castle, it was said. In addition, a motorized column, almost a mile long was virtually destroyed by Nazi bombers when it was sighted moving toward the castle.

German authorities said that the German campaign against Russia is now steam-rolling forward into its second stage of operations.

Giving the Soviet massed regiments no chance to catch their breath, it was stated, Germany's blitz infantry troops, supported by thousands of Panzer forces, were declared to be pushing eastward against the reds on a scale "as vast as the 40-day flood" from all indications.

German military authorities asserted that on the basis of first reports and considering the mass proportions of the operations, the Nazi casualties so far have been held to a minimum.

**Claim Red Army Crumbling**  
But they declared the red army, relying on its gigantic numbers, was crumbling and that Soviet soldiers were "falling prisoner in droves."

They added that today's high command announcement would reveal "surprisingly deep" penetrations into Russian territory by the Germans and added:

"Reports are beginning to indicate that the red units are being crushed as a result of the smashing German blitz blow."

Yesterday, it was announced, German planes continued their systematic destruction of red air bases, destroying numerous Russian planes on the ground and in aerial combats.

Other Luftwaffe bomber units were declared to have damaged important Russian railway lines with bomb hits and transport trains and railroad stations were said to have been destroyed.

Traffic on many of the red rail lines was described as paralyzed. Stuka dive-bombers, authorities declared, silenced Russian artillery batteries and dispersed or annihilated Russian marching troop columns and tank concentrations.

Today's communiqué by the German high command dealt mainly with operations in other theatres. Regarding Russia it merely said:

"Operation of land, air and naval forces continued according to plan on the eastern front yesterday."

"Grand-scale operative successes were gained after successful initial border battles."

**Fail To Secure Trace Of Mother Of Abandoned Baby**

As yet authorities have not found the mother of a white baby abandoned on the rear porch of Mrs. Blanche Gray, colored, Bridge street. The baby, a boy, is in the Jamison Memorial hospital.

The baby, wrapped in a blue blanket, was found yesterday morning when Mrs. Gray went to the rear porch. She notified officers who immediately made an investigation and took the child to the hospital.

her latest raiding mission, it was announced, while other German ships and Luftwaffe planes accounted for 97,390 tons.

**Conflicting Reports**  
Somewhat conflicting reports came from Africa and the Near East. Cairo said the British made new gains at Tobruk and were smashing away in Syria with big land and naval guns, but Vichy said the British offensive was slowing down.

Meanwhile, the Royal Air Force went ahead with its attempt to divert the Germans from Russia with a new series of raids on the Nazi-held French coast after night attacks in which Bremen, Kiel and Boulogne were showered with bombs.

While both the Germans and Russians claimed success in their mighty conflict, the American government moved cautiously today in the matter of supporting the USSR.

A dispatch from Washington said American aid to the Soviets for the

who has just left Soviet Russia disclosed the desperate efforts of Josef Stalin to avoid war with Germany and his realization as long ago as May 6 that hostilities were inevitable.

**Wednesday Evening Sewing Class Meets**  
At the home of Mrs. David Mort, of the Wilmington road, the Wednesday Evening Sewing class of the British War Relief met with twenty-five members and friends present.

Music and social chat were the diversion of the evening.

Mrs. Ann Hitchings and Edgar Marsh, gave a number of piano selections.

Mrs. Isaac Llewellyn read an appropriate poem.

A splendid lunch was served by the hostess, assisted by Mrs. Evan Davies and Miss Emma Jane Davies.

A nice sum was realized.

# VIRGINIA WEYMAN WEDS JOHN A. MAGEE

Miss Virginia Weyman, daughter of Mr. and Mrs. Adolph Weyman of March street, Ellwood City, became the bride of John A. Magee, son of Allen Magee, of Lawrence avenue, of the same place, at a pretty home wedding Wednesday evening in the Weyman residence.

The wedding ceremony was read at 4 o'clock by Rev. W. E. Minter, pastor of the United Presbyterian church, officiating with the single ring service.

The bride was lovely in a flowing gown of white marquisette, with lace insertions, with a sweetheart neckline and long fitted sleeves. Her arm bouquet was of white roses. Miss Eleanor Weyman, sister of the bride, as maid of honor, wore blue marquisette and carried yellow roses.

Willard Magee, brother of the groom, served as best man.

After the wedding service a congratulatory period was held with a buffet lunch being served. Later in the evening the couple left for a western trip and after July 10 will reside at 216 Second street, Ellwood City.

The bride graduated from the Jameson Memorial hospital, class of 1933, and has been engaged in private duty. Mr. Magee is employed at the National Tube Company in Ellwood City.

# CLARA E. LYTLE IS BRIDE, WEDNESDAY

Gowned in a beautiful white marquisette creation, with finger-tip veil, and carrying an arm bouquet of lilies, Miss Clara E. Lytle, daughter of Mr. and Mrs. I. A. Lytle of East New Castle, became the bride of Alfred Courtney Bunney, son of Rev. and Mrs. Alfred Bunney of Ellwood City Wednesday evening in the Calvary Presbyterian church.

Marriage vows were exchanged at 7:30 o'clock in the presence of a large gathering of friends and relatives, with Rev. J. W. Holmes officiating, and it was the first wedding to be performed in this church.

Preceding the ceremony the Wellers sang "I Love You Truly" and "Jesus Savior Pilot Me", and were accompanied by Edward Jenkins at the piano.

Mrs. L. R. Houk, sister of the bride, as matron of honor, wore yellow marquisette, and Mrs. Margaret McCowin, another sister, was attired in pink marquisette, and their flower girls were pink roses.

Hubert Lias served as best man and ushers were Theodore Watson and George Lias.

After the wedding was solemnized a reception took place in the bride's home for 150 guests, with Mrs. Austin Graff, Mrs. Clyde Griffith, and Mrs. Lester Wood as aides.

The couple left later for a lake cruise and upon their return will reside with the bride's parents for the present.

The bride is a graduate of the Shenango High school, Slippery Rock State Teachers College, and is a teacher at the Shenango High school. Mr. Bunney graduated from the Lincoln High school in Ellwood City and is affiliated with Runyan's Super Service in Ellwood City.

# BLACK-RAUSCH CHURCH WEDDING

In St. Paul's Lutheran church Wednesday afternoon 4:30 o'clock Miss Geraldine Myrtle Black, daughter of Mr. and Mrs. Carl W. Black of Sampson street, became the bride of Harold Lloyd Rausch, son of Mrs. Della Rausch of Youngstown.

Before a beautifully embanked altar of summer flowers the marriage vows were exchanged in the presence of close friends and relatives, with Rev. A. M. Stump officiating.

Preceding the ceremony, Mrs. A. M. Stump played a period of wedding music.

The bride was charming in a white frock, street length, with blue accessories, and her shoulder corsage was of white tea roses.

Miss Martha Evelyn Black was her sister's bridesmaid and was attired in beige with brown accessories and her corsage was of yellow roses.

Frank Rausch of Youngstown served his brother as best man.

Following the wedding ceremony a dinner was served in a local tea room for members of the immediate families and a reception took place in the bride's home in the evening.

Aides in serving were Mrs. Thomas Keeling, Mrs. Kenneth Lytle, Mrs. John Urvan, Jr., and Adeline Black.

Upon their return from a northern wedding trip the couple will be at home in Youngstown.

The bride is a graduate of the New Castle senior high school and has been employed at the National Pants company. Mr. Rausch is affiliated with the Century Heating company at Youngstown.

# PERKINS-SHULER WEDDING QUIET

At the home of Mrs. W. W. Beatty of East Liverpool, O., a quiet wedding was performed on Tuesday evening, when Mrs. Cora B. Perkins of East Liverpool, O., became the bride of George L. Shuler of Dewey avenue, this city.

Rev. William J. Hooker performed the single ring service before a group of friends of the couple.

Mrs. Shuler was attired in an aqua blue crepe dress with aqua and white accessories, and she wore a shoulder corsage of tea roses and bachelor buttons.

Jean Rowles, niece of the bride, and Robert Shuler were attendants. Following the congratulatory period, the party motored to Youngstown to the home of Mr. and Mrs. J. C. Shuler, where dinner was served. Guests at the dinner included Sadie Hamlin, Mrs. Dan Workman, Mrs. J. N. Harvey, Mrs. Albert Rowles, Mrs. C. B. Haley, Mr. and Mrs. Ernest McKenzie, all of New Kensington, and Dan B. Walter of East Liverpool.

Wednesday evening a reception for the couple was held in their home on Dewey avenue. A buffet lunch was served for the occasion. Guests were Mrs. Albert Rowles and Mrs. J. N. Harvey, New Kensington; Mrs. W. W. Beatty, East Liverpool; Mr. and Mrs. J. C. Shuler and daughter Shirley, Mrs. J. C. Russell, Youngstown, and Mr. and Mrs. Ralph Young and family of Freedom, Pa.

Mr. and Mrs. Shuler will be "at home" to their friends on Dewey avenue. Mr. Shuler is a car inspector for the P. & L. E. railroad.

Friends here will be interested in learning of the marriage of Miss Mary Agnes Boyd, daughter of Mr. and Mrs. Charles Henry Boyd, of Wilkensburg, and Graham Lemoyne Carter, son of Mr. and Mrs. Robert Lemoyne Carter, which was solemnized last Saturday, June 21, in the Sixth United Presbyterian church in Pittsburgh.

The vows were exchanged at 3:30 o'clock with Rev. Bradley Watkins officiating.

Mrs. Frederick E. Milligan was her sister's only attendant. Boyce Carter served his brother as best man and ushers were Charles H. Boyd, Jr., brother of the bride, and Kenneth Smith of Alliquippa.

A reception in the home of the bride's parents followed the ceremony.

Both Mr. and Mrs. Carter are graduates of Westminster College

# Gaioni-Fedrizzi.

Miss Emma Gaioni, daughter of Mr. and Mrs. C. Veronesi, of the New Bedford road, and Attilio Fedrizzi, of R. D. 2 were united in marriage at a nuptial mass celebrated at 9 o'clock, in St. Joseph's church, on Saturday.

The Rev. Fr. Peter M. Schirra officiated. Given in marriage by her father, the bride was attired in white marquisette, and a long veil with seed pearl crown. She carried Madonna lilies.

Miss Enis Cerutti, as maid of honor from New Bethlehem, wore blue marquisette. Livio Fedrizzi, Pittsburgh, was the best man.

A wedding dinner was served in the home of the bride's parents, for 30 guests. Mr. and Mrs. Fedrizzi departed on a trip to Niagara Falls, and upon their return will reside in their newly furnished apartment on Butler avenue.

Mrs. Fedrizzi is employed at the National Pants company, and Mr. Fedrizzi is affiliated with the Johnson Bronze company.

## THIS WAR PROSPERITY

REARMAMENT is stimulating business, as everyone can see. Men are going to work in defense industry jobs and the result is felt by all. Already, predictions of a national income of 80, 90 or 100 billions are heard.

But the thoughtless assumption, coming from so many quarters, that at last the corner has been turned and good old prosperity is once more in sight, calls for a word of warning. "We must not be fooled into thinking," writes John W. Scoville in Nation's Business, "that when in peace times we have a national income of a certain amount, that an equal national income when we are at war or preparing for war would witness the production of a similar goods or give an equally high standard of living. A wartime economy cannot be measured with a peacetime yardstick."

For the time being, the country is throwing all its energies into the production of war materials. To a certain degree that stimulates everything. But it does not solve the problem of depression. Ships and guns and tanks and bombers are essential to national security and everybody wants to see them built, quickly. They are not the goods that raise living standards, however. As we make more guns and bombs we make fewer refrigerators and shirts.

The result inevitably will be a rise in the prices of peacetime goods. If we produce less of them, no other outcome is possible, and no form of government price control can do much more than contribute to create a scarcity.

We will do well to remember that the solution for our economic ills has not been found. We have merely put aside the problem while we attend to an unpleasant duty in another direction.

## NATURE VS. THE TVA

Some bureaucratic faces must be turning red down in the Southeast, where the immensely costly Tennessee Valley Authority has gained a virtual monopoly of the power supply of large areas by the procedure of forcing the private utilities out of business.

This year's Southeastern rainfall was 50 per cent below normal. The water level in some of TVA's reservoirs is down 60 per cent. This means, according to Chairman Odell of the Federal Power Commission, that there will be a 1,000,000-kilowatt power shortage in the Southeast before the year's end.

One inevitable result of that is a demand that tens of millions more of the taxpayers' money be spent for new hydro plants for the TVA. But those plants can't be built overnight. And so it has been necessary to call upon the private industry for help—and quick and effective help. Seventeen private power companies, in a gigantic area running from Illinois to Texas and from Florida to Pennsylvania, will step up their production to the maximum to meet the need.

It is an ironical commentary on government-in-business that the country's first power shortage is occurring in a region where a government bureau is the dominant factor. And it is an extremely important commentary that the government, when a crisis appears, must turn to private industry to pull its chestnuts out of the fire. The private utilities, when they built their great systems, knew that water-flow is never constant. They knew that hydro-power must be buttressed by steam-power if a constant supply of electricity is to be assured. And they built accordingly.

What is happening down south should make Americans think. Maybe it would be a good idea to stop putting the politicians into the power business—and to start returning it to regulated, private companies, which pay taxes instead of eating taxes, which run up engineering principles instead of patronage principles, and which have given the United States the best, the cheapest and the most abundant electric service on earth. It looks as if we haven't found any workable substitute for private enterprise yet.

## UNDERGROUND COMMUNICATION

Work is now well advanced in laying the country's first continental underground toll cable. Crews working west will eventually meet crews working east and will splice their respective ends at Wendover, Utah, the historic spot where the first open wire telephone line to span the United States was completed in 1915.

The cross-country underground cable has been engineered by the American Telephone and Telegraph company. The plans include ultimate coast-to-coast wires for long-distance telephone use, radio network broadcasting channels, teletype and telegraph, and wires for transmission of pictures.

Not only will the underground feature end the weather hazards that often break overhead wire connections, but it is expected to insure contact during emergencies between the vital centers of industry, railroads, seaports and troop concentration points on both coasts.

The final capacity of the system, as planned at present, will be 600 telephone channels for long-haul and transcontinental circuits, and 10 to 70 telephone channels for short-haul use. Almost any desired number of telegraph or broadcast circuits can be arranged. The finished system will use 25,000 tons of cable, containing nearly half a million miles of wire, all planted in the earth.

## SOLDIERS THREE AT GETTYSBURG

Many persons not yet old can recall Pennsylvania Encampments of the Grand Army of the Republic which taxed the accommodations of all except the two largest cities, and even in these private homes were often opened to take care of the overflow from the hotels.

The first day of the latest G. A. R. State Encampment found only three veterans attending the meeting in Gettysburg. In all Pennsylvania there are only 85 of these surviving soldiers of the Civil War. But their pitifully few companions, who are able, still carry on, and one of their duties will be to select a meeting place for next year's encampment, 77 years after they laid down their arms.

The thoughts of the Nation's debt to its preservers, evoked by the recent celebration of Memorial Day, are revived by this pathetic meeting at the scene of the decisive battle of the war between the States. Before long there can be no more such gatherings. But we can never forget that except for the courage and self-sacrifice of these veterans and their comrades there would be no United Nation today to face the dangers of a world at war.

## The Parent Problem

## GRADUATES FACE STUDY IN ECONOMY

More youths finishing high school and college will find jobs this summer than for many years. What will they do with their money? Most, unfortunately, will spend it on luxuries such as an automobile and costly clothes and on having a good time.

Wiser youths will not do so. They will limit their spending on luxuries. Some will help their families. Practically all who feel a family responsibility and are not too selfish will choose to pay board if living at home. Most wise youths will give a small portion at least to church and welfare causes. From this giving they will get spiritual and character values.

One of the wisest things for a youth to do on landing a job, if he has not had sufficient funds before, is to see a doctor for a thorough physical examination, then a dentist to check on his teeth.

Use Money Wisely  
Then many a wise youth beginning to earn will set aside a definite portion for self-improvement, for furthering his education. Just see what it would mean to the future of the average youth if, instead of buying a car, he were to spend the same amount on night courses in high school or college, or on a good home study course by correspondence, in case such schools are not available.

Any youth who denies himself luxuries, in order to improve his talents, not only gives in this direction but in character.

## Racket Correspondence Schools

More than ever before, there are all sorts of false but lurid appeals to youth just graduating from high school by certain unscrupulous correspondence or home study schools. In spite of all the warnings by school authorities, hundreds of youths waste their time and money on them. There are also several very reliable correspondence schools which are rendering a great service. As a boy on the farm I once took a course from such a fine school and got much out of it.

Last year I referred to the pamphlet put out by the State Department of Education of the State of Wisconsin warning youth against "phony" correspondence schools, telling them how to recognize them, and how to locate good correspondence schools. Recently the senior students of the high schools of New York City were given a copy of a six-page pamphlet entitled, "Traps for the Unwary," prepared by the counseling service for Juniors of the Westchester County Children's Association.

## Consult Vocational Advisers

It urges students to consult vocational advisers in high schools, the State Department of Education or the Federal Trade Commission. (In most parts of our country the person to talk to is the high school principal.) This pamphlet warns against schools that "offer free books or supplies, or partial scholarships . . . claim they are making a special offer for a limited number of students . . . extravagant claims about salaries paid to school graduates . . . or vast opportunities in new and growing industry . . . false representations that you have been recommended to the school by your high school principal."

The students are warned of advertisements with misleading headlines and extravagant promises.

## Solving Parent Problems

Q. My boy of ten bolts his food and hurries out to play.  
A. Announce to him that he must not leave the table until the end of a definite time, say twenty minutes. Say nothing about his speed of eating. Try to create a calm but interesting meal-time atmosphere.

## BRAVE CHINESE

Contriving new dramas every day, the war in European fronts monopolizes the front pages and pushes the four-year-old Asiatic conflict into second place. But the news out of Chungking is significant, none the less.

At a farewell dinner given by Mme. Chiang Kai-shek in honor of United States Ambassador Nelson T. Johnson, who is going to Australia as minister, the Chinese generalissimo declared that Japan is so nearly exhausted by years of stubborn resistance that China, given only material and economic aid, can whip the invader single handed.

With the provisional Chinese capital momentarily threatened by Japanese progress in the Shensi-Honan border region, some qualified observers have expected China to press ever more diligently and desperately for increased American help, particularly as Britain's needs absorb more and more of what aid this country has to give.

Under the circumstances, the optimistic, almost light-hearted note in the Chinese leader's statement, at a time when a plea for even greater assistance might easily have been made, is significant as a preview. Old China, says Chiang Kai-shek, under almost unsupportable handicap, is going to win her war!

## Hints On Etiquette

Suppose you are invited to a week-end home party at the shore or in the country and the weather proves to be cold and wet. Make the best of it, and help your hostess plan entertainment indoors for the crowd. Enter into any games suggested with all enthusiasm. You'll be the popular guest at all times if you do this.

"I am a boy of 19 and am attentive to a girl who has very refined parents. She seems to love me very much but I have spells during which I really think that we could be happy together in the future, yet at times I feel the other way. Please advise me in what way I should proceed."—Worried C. B. E.

Answer: Your mention of your periods of devotion as mere "spells" is proof that you are still in the puppy love stage. Indeed, no boy in his teens—none who is a minor—should tie himself to any girl or waste her time by asking her to wait for him until he becomes a real man. When your father was your age, we were still living in a period of chivalry during which every young man was in honor bound to ask his ladylove's father for her hand, and in which every father solicited of his daughter's future checked up on her cavalier to learn whether he was in a position to support her as she should be supported. Girls who eloped with "infants under the law" like you were usually saved by having their marriages annulled. Few, if any of the girls whom you admire when 19, will appeal to you when you are 29. Wait, son, until you have educated yourself for a lucrative position and have gained it before asking any girl to marry you. And use all of your will power to refrain from trying to tie her up with an engagement or even an "understanding" until your job and your salary are birds in your hand rather than in the bush.

We were down to the airport the other day and listened to some of the youngsters who are learning to fly. Some of the lads were talking pretty big about their flying ability. One, particularly, was airing his views to a quiet lad.

"You may be a great flyer," said the quiet one, finally. "You may be able to fly as good as the birds, just as you say. But there's one thing you haven't learned yet that the birds can do."

"What's that?" demanded the boastful one.

"Have you learned to sit on a barbed wire fence without leaving your pants?" asked the quiet one.

Hitler Turns Wrath On Christian Science  
Is Latest Target Of Der Fuehrer's Spleen  
Move Of Gestapo Is Termed Original Move

By CHARLES P. STEWART

Central Press Columnist

WASHINGTON, June 26.—Is the Nazi suppression of Christian Science assets here, our closing of German consulates and miscellaneous propaganda agencies throughout the United States, our deportation of their staff members, and the steps we have taken to prevent other totalitarian secret agents from getting into America or from getting out again?

Italy, having had its American assets frozen, responded by freezing our Italian assets.

Adolf, however, announced that he wasn't going to retaliate as merely; that he was going to think up something original. If the state department's correct in guessing that his Gestapo's move against the Christian Scientists was the initial step in his campaign, it's agreed that he has shown a good bit of originality. Of course, he also recognized that maybe his ban on all German Christian Science churches and reading rooms wasn't inspired solely by our asset-freezing and consulate-closing decrees; that perhaps he has an anti-Christian Science complex, just as he's a Jew baiter. Still, there's a pretty strong hunch that what he seems to have started to do follows as a sequel to what he did.

To be sure, the German Christian Scientists are largely purely German, but for that matter, the German Jews likewise are almost exclusively Germans. The fact that they're German, though, doesn't protect 'em any.

Introduced by Americans

Furthermore, the German Jews have been German since the memory of man, where Christian Science was introduced into the Reich by Americans, and not more than a generation back either. Besides, the German churches have remained and still are (or were, up to the date of their suppression) closely affiliated with the Mother Church in Boston. Hence it's surmised that the Fuehrer thinks that he's taking a jab by persecuting his German Christian Scientists, at an essential American fee, even as an anti-Catholic regime feels that it's making a thrill by persecuting the Vatican by persecution of ITS native Catholics.

There isn't much that the state department can do toward the German Christian Scientists' protection, any more than it's been able to do anything toward protecting the German Jews, with the Nazis disposing and maltreating 'em.

The truth is that the department's largely dependent for its information relative to the situation upon the Boston board of Christian Science directors, which has had several reports directly from its affiliated churches in Nazi-land. The Gestapo's crusade was launched only very recently, however, and details in connection with it are scanty. It seems certain, anyway, that the German churches are completely extinguished. They had to "dis-

## The Listeners

WASHINGTON, June 26.

IN this administration there is a potent group which believes the thing of first importance in molding and implementing our foreign policy is "to keep the ear to the ground." All politicians understand what that means. The idea is to ascertain the strength or weakness of public sentiment and act accordingly.

IN this group are some individuals exceedingly close to the President. It is their view that in international affairs he should be sure he will have overwhelming public support before he does anything. He should, they think, take no step to which the majority will not subscribe.

## NEWLYWEDS DEPART ON WEDDING TRIP

Mr. and Mrs. Constantine Kibish, nee Eding Alexander, departed on their wedding trip on June 23, following their marriage which took place on Saturday, June 21.

Mrs. Kibish, the daughter of Mr. and Mrs. C. Alexander of R. D. 1, became the bride of Connie Kibish, son of Mrs. Ann Kibish of 1713 Hamilton street, at lovely services performed in the St. Philip and James church Saturday afternoon at 3 o'clock. The Rev. Fr. V. V. Stanczewski officiated, using the single ring service. Musical selections were offered by Marie Dutkiewicz.

The bride was attired in white marquisette, and wore a veil caught with a peaked crown. She carried Madonna lilies, and as her jewelry wore a gold cross, a gift of the bridegroom.

Miss Helen Alexander was maid of honor, attired in pink marquisette. Misses Marie Chrobak and Jane Aukstulewicz, bridesmaids, wore blue and carried roses. Stanley Kibish was best man, and ushering were Stanley Zenas of Sharon and Henry Gadzalski.

A dinner was served in the bride's home, and in the evening a reception was held in the Slovak hall. Upon their return from the trip they will reside in McKeesport.

Mrs. Kibish is a graduate of the Shenango high school, class of June 38, was employed at the National Paints company. Mr. Kibish, a graduate of the June 33 class of our local high school, is affiliated with the Carnegie-Illinois Steel Irvin plant.

## PORTER-RUDESILL WEDDING PERFORMED

One of the loveliest of early summer weddings was performed on Wednesday afternoon, uniting in marriage Miss Grace Porter, daughter of Mr. and Mrs. William C. Porter, of 706 Young street, and Eugene Rudesill, son of Mr. and Mrs. L. G. Rudesill, West Grant street.

The ceremony was performed in the living room of the Porter residence, and on this occasion the room was beautifully decorated with flowers, ferns and palms. Rev. J. J. McVaine, pastor of the First Presbyterian church, officiated at 4:30 o'clock, using the single ring service. The bride was given in marriage by her father.

For her wedding, the bride was lovely in an ash rose ensemble with matching jacket. She wore white accessories, and a shoulder corsage of white roses and baviaria. They were unattended.

Following the ceremony a dinner was served at The Castleton to the bridal party, friends, relatives, and guests numbering to approximately 30. A reception took place later at the bride's home, for friends of the young couple.

Mr. and Mrs. Rudesill departed on their wedding trip, and upon their return will reside on Young street, until September.

Mrs. Rudesill was a former employee of the Shenango Pottery company, where Mr. Rudesill is also affiliated. Preceding her marriage, the bride was feted at several shower parties, and the gifts received are on display at the Porter residence.

Out-of-town guests attending were: Mrs. Edward J. Barry, of Pittsburgh; Mr. and Mrs. Arthur Pelly, of Sherrard, West Va.; Mr. and Mrs. William Abernethy, of Pittsburgh; Mr. and Mrs. Leslie Simon, of Red Springs, N. C.; Dr. and Mrs. William C. ## Best friends were amazed in woman's improved looks... new energy... pep!

A marvelous change can be brought about by overcoming miserable digestive complaints, underweight, sluggishness and loss of appetite—all by two important steps—

Restore vital digestive juices in the stomach... energize your body with rich, red blood. Here's how!

If you are one of those unfortunate who have been ill, or have suffered with colds, the flu, worked under a strain, failed to eat the proper foods, or have been overworked by overeating, you may have no organic trouble or focal infection... and your red-blood-cells have become reduced in vitality and number... if your stomach digestion refuses to work properly, then here is good news for you!

S.S.S. Tonic is especially designed to build back deficient blood strength... to revive and stimulate those stomach juices which digest the food so your body can make proper use of it in rebuilding worn-out tissue. These two important results enable you to enjoy the food you eat... to make use of it as Nature intended. Thus you may get new vitality... pep... become animated... more attractive!

Feel and look like yourself again

Yes, when you tune up the stomach and get its digestive juices flowing freely, you should enjoy again that old-time zest for food... stomach digestive miseries should vanish. S.S.S. Tonic also gives you the mineral matter in soluble and digestive form to restore your blood to its rich, red color... this makes for greater strength... color in your cheeks... resistance against disease attacks.

Because S.S.S. is in liquid form it begins its work as soon as you take it. Make the S.S.S. treatment a part of your daily diet. You will be delighted with results. Scientific research shows that S.S.S. Tonic usually gets results. Thousands and thousands of users have testified to the benefits it has brought to them—that's why so many say "S.S.S. Tonic builds sturdy health and makes you feel like yourself again." © S.S.S. Co.

Register July 1

HARRISBURG, June 26.—National headquarters of the selective service system telegraphed Governor Arthur H. James today that volunteers who have not yet been inducted and who have become 21 years of age since October 16, 1940, and prior to July 1, 1941, must register on July 1.

"Such registration shall not affect the position of the volunteer in the local board," the telegram said. "Old registration card and certificate shall be filed in the registrant's file."

Dr. William Mather Lewis, selective service director for Pennsylvania, immediately transmitted the information to the 422 local boards in Pennsylvania which will have charge of the July 1 registration.

City council and WPA officials conferred in city hall today concerning a slowing down of city-WPA projects. It was reported the WPA has been ordered to make a 30 per cent cut in all branches of WPA employment and this would affect equipment the WPA could provide. The city was asked to provide more equipment than formerly if the work is to be expedited. Council will discuss the request.

## Jurist Assails U. S. Bureaus As Abnormal

Judge Hargest Speaks At Bar  
Association's Conven-  
tion At Bedford

BEDFORD, Pa., June 26.—Judge William M. Hargest of Harrisburg, president of the Pennsylvania Bar Association, declared Wednesday that the growth of Federal administrative agencies and bureaus has been "abnormal, errant and alpha-betical."

Opening the forty-seventh annual meeting of the association here, Judge Hargest said:

"Men, even in high positions, cannot always resist the temptation to exercise unwarranted power. Too often they extend it beyond the law. To be at once legislator, executive and judge is not far removed from a dictator. So paternalism that regiments is not far removed from totalitarianism."

"The Federal government has some 13,000 more or less intelligent agents checking citizens' private accounts. They may commandeer books and records, they have tapped telephone wires and intercepted mails. \* \* \* Congressional inquiries have shown that coercion and intimidation exist on a large scale, and yet a bill (Walter-Logan bill) to provide a reasonable judicial review has been vetoed."

He said the Pennsylvania situation "is little better."

Justice Owen J. Roberts of the United States supreme court, will address the association's annual banquet tonight.

Society note: "The ladies of the Helping Hand society enjoyed a swap social on Friday evening. Everybody brought something they didn't need. Many of the ladies were accompanied by their husbands."

# Develop Inexpensive Anti-Tank Gun Sight

By JACK REDDING  
International News Service Special Correspondent

CAMP FORREST, Tenn., June 26.—One dollar's worth of gas pipe, ten cents worth of adhesive tape, two 15 cent mirrors and some solder.

Two National Guard officers of the 75th Field Artillery Brigade, in training at Camp Forrest, took this heterogeneous collection of articles and created from them a new anti-tank gun sight that equals in performance the \$640 sight developed by the army.

The story of the sight's development is an interesting one, involving a gangling lieutenant of the Medical Corps, Charles R. Yancey of Nashville, and a handsome captain of artillery, Lowell G. Bean of Chattanooga.

The new sight was Lieut. Yancey's idea, and it was made practical by Captain Bean, a graduate in engineering from the University of Tennessee.

It was Yancey's notion that a gun sight could be patterned after the demonstration microscopes used in medical school, after talking it over with Bean, the artillery captain worked out the necessary drawings.

For the sight itself, the officers used gas pipe for the tube, the cheap mirrors were used for the lens, and adhesive tape and solder held it together.

Then Yancey and Bean took their sight to Col. Richard Burleson, acting in command of the brigade. The colonel was interested, and yesterday the sight was given tests.

The first time the gun crew used the "Yancey-Bean" sight, it managed 45 per cent hits at ranges up to 1,000 yards. The army sights costing \$640 each, under identical conditions, turned up a 38 per cent score. The gun crews in both cases were untrained men, accounting for the low percentages.

In another demonstration, the Yancey-Bean sight accounted for

eight hits in ten shots, and the standard sights couldn't better that mark.

Col. Burleson was represented as being enthusiastic over the new sight, and next week it will be examined by Maj. Robert N. Danford, chief of artillery of the U. S. Army, in tests at Fort Bragg.

The beauty of the new sight lies not only in its efficiency, but also in its economy—it can be manufactured in quantity for \$5 each compared to the \$640 costs of the Army's accepted sight.

REUNION TAKES PLACE AT VOLANT  
(Continued From Page One)

is composed of the above officers, and John B. Shaw, P. M. Cox, F. P. Simpson, F. S. Breneman, Henry Potter, Wendell Allen, and Mrs. Hettie Johnson.

After a hymn by the audience, led by Prof. D. Ralph Appelmann, director of music at Westminster college, accompanied by Mrs. Appelmann, invocations were pronounced by Rev. Homer Miller, the church pastor, and Dr. S. A. Kirkbride of New Westminster.

Attorney T. A. Sampson of Mercer spoke for the alumni and recalled the tremendous advancements which have taken place during the lifetime of the students of the old college and those of a like age.

Many of these changes, however, he pointed out have caused people of the present day to lose their self-reliance. Certainly the generation is faced with as much uncertainty over the future as the generation which is now coming on, he stated in conclusion.

James G. Leslie, the newly elected president, was called upon at this point for remarks. He recalled many incidents of his school days at Volant college, and asked all those in attendance who were students when the college opened its doors, to stand. There were eight present in this group, including Mrs. Ida Breneman Grim, Miss Nancy McConahy, Miss Mary Minnehan, Mrs. Hattie Johnson, Mrs. Mary Drake Neal, John C. Dicks, Henry Potter and Mrs. Effie Smith Oakes.

Dr. Galbreath Speaks  
Dr. R. F. Galbreath, president of Westminster college, the principal speaker of the day, stated that this reunion was an echo of the great American way of life, now threatened with extinction. These old schools were established by men and women who had the courage to go forward in the face of difficulties in order that their children might have the benefit of an education.

Even educational institutions are becoming more and more under the control of the government. The folly of this has been seen in those dictator-ruled countries, where the thought of party in control, more often evil than good. He expressed the hope that the highest moral values would be retained in spite of unsettled world conditions for the good of humanity, and that the present great world conflict would not destroy our high degree of civilization, labored for so hard by those who had founded these old schools and academies.

Others who spoke briefly were County Superintendent of Schools John C. Syling, District Attorney John G. Lamoree, and Assistant District Attorney Leroy K. Donaldson.

The annual memorial was conducted by Miss Mary Minnehan, who has had charge of this feature since the reunions were established 36 years ago. The memory of the 12 who have passed away during the year was honored. These included W. J. Allen, one of the stockholders of the old college; Charles Drake, Nannie Patterson, Porter Crawford, Mrs. Linda King Smith, T. Clark Bevins, John M. Graham, Mrs. V. C. Wilkin, Guy L. Lockhart, Mrs. Lee Carlon, Mrs. Maude Paden Taylor and Samuel Crossman.

## Panthers Club Planning Picnic

At the meeting of the Panthers club held Wednesday evening in the Union Calabro club room, Division street, plans were completed for the first annual picnic.

Anthony C. Ricciardi, is the general chairman of the event, which is to take place on Sunday, August 3, at El Rio beach.

The picnic will be held for Panthers members, their families and a few invited guests. Athletic events, including sports, bocce tournament, and mushball game, will be featured. Prizes will be given to the children. Committees for the affair will be announced later.

Mrs. Anna E. Ball Dies In Youngstown

Mrs. Anna Ehrlich Ball, aged 73, of Youngstown, active in Jewish religious and community affairs in New Castle and Spokane, Wash., where she previously resided, died Wednesday at her home with a heart attack.

Mrs. Ball's early married life was spent in this city where she formed a Sunday school which later became New Castle's temple. She paid for teachers and rabbis out of her own funds, and later, when it became an active institution, it was taken over by the B'nai B'rith.

She leaves three daughters and three grandchildren.

Funeral services will be held Friday from the Averbach funeral home, Youngstown.

BOY SCOUTS OF NEW CASTLE  
TO GET EAGLES.  
Three boys will get the highest award in Scouting that of Eagle at the New Castle District Court of Honor scheduled for Friday evening at the First Christian church. They will be: William Kessler, West Pittsburg; Paul Rowland, Troop 37, New Castle and Charles Martin, Troop 55 of New Castle.

MEETING TONIGHT  
There will be a meeting of the Bessemer Boy Scout district tonight at 8 o'clock in the Hillsville public school building, Hillsville.

Motion pictures will be shown and Nick Casillo, Bill Kline and Frank Hill will present this season's camping program. Scouts, troop committees and leaders will attend the session.

## DESPERATE EFFORTS MADE BY STALIN TO AVOID GERMAN WAR

(Continued From Page One)

state banquet, at which a member of his government proposed a toast to the "Stalinist peace policy." The bull-necked, 61-year-old Bolshevik leader rose to his feet.

"No," he said, brushing aside the toast with a wave of his hand. "Not to the Stalinist peace policy."

"To victory of the glorious Red Army in the great battle against Fascist Germany."

The graduation ceremonies themselves were reported in the Russian press, but no details were published. But diplomatic circles received accurate information as to what occurred, and no one in official Moscow was unduly surprised when at dawn on Sunday, June 22, the Nazi legions launched their invasion.

To the graduates, Stalin talked for 40 minutes, emphasizing importance of the reorganization, re-equipment and modernization which during recent months brought the Red Army up to modern standards. But these additional statements—published at the time—were made:

"Our glorious Red Army must be prepared to fight Fascist Germany at any moment, and to fight on enemy territory. As long as Hitler occupied himself with rectification of the injustices of Versailles we could and did, support Germany."

"Now Hitler is striving for world domination. This we cannot tolerate. We will fight Germany to the death."

Not only the several thousand Red Army graduates but the entire Soviet government and ranking officers of the army, navy and air force were present while the "boss" told them which way the wind was blowing.

Prior to that time, it was understood that the Kremlin was determined to avoid war with Germany at any price. Stalin was pictured as prepared to do anything, except perhaps demobilize the Red Army or allow occupation of any part of Soviet territory by German troops.

Stalin had 40 years of experience fighting against Czarist Cossacks, oppositionists and heretics in his own party and many others. He defeated many an internal enemy better equipped and stronger than he. He did it by cool calculation, clever maneuvering and hard work. He let his enemies destroy one another. He had planned to do the same with Germany.

Peace Was Desired  
A certain ambassador who recently returned to Moscow from Berlin said he knew for a fact that the German general staff was confident in its ability to beat the Red

Army and occupy the Ukraine and the Caucasus in from three to six weeks. In view of the expense and disorganization, however, the German staff would have preferred to see a peaceful solution, the envoy said, and approaches were made to Stalin.

Diplomatic and military observers in Moscow felt that Stalin would negotiate and he did. His "appeasement" took the form of various diplomatic gestures such as dismissal of the Yugoslavian minister from Moscow and taking other steps pleasing to Berlin.

Shipments of wheat and raw materials to Germany were increased, and a boost in Soviet oil shipments to the Reich to two or three million tons a year was anticipated.

But, according to reports, Hitler wanted to send a host of German agricultural and industrial specialists into Soviet Russia—a doubtful point with Stalin—and was bringing pressure to bear for demobilization of the Red Army. The latter was out of the question. It is not known whether Germany requested any territorial concessions, but these would have been automatically rejected.

While Stalin was trying to "buy peace," intensive military preparations were pushed harder and harder. For many days and weeks prior to outbreak of hostilities, troops poured westward out of Moscow, bound for Bessarabia, Soviet Poland and the Baltic countries. Thousands of well-organized home guards rehearsed daily. Uncannily realistic air raid alarms became commonplace throughout the U. S. S. R.

Then the blow came, and with it war.

The main exercise some people get is jumping at conclusions.

(Continued From Page One)

LONDON, June 26.—The London Daily Sketch said today that there will be no formal alliance between Britain and Soviet Russia but that the new diplomatic term "cooperation" will be used to cover Anglo-Russian relations.

The paper said Russia will declare adherence to terms of war aims at a conference with Britain and the refugee governments of German-occupied countries in London July 12.

## Jobs Go Begging On New Civil Service Roll, Reported Here

Urgent calls for more skilled workers continue to come daily from the government to Miss G. Rhodes, secretary of the local Civil Service examining board at the post office.

She said the latest issue of "The United States Civil Service Commission Consolidated List," issued semi-annually, shows many an attractive position open. She said New Castle's unemployed, looking for work, should make quick application.

**Mechanists Still Needed**

Posts are open at yards and arsenals throughout the United States. Over 100 qualified mechanics are needed at once at Watertown Arsenal, Mass.; 200 lens grinders could be employed immediately at the Frankford Arsenal in Pennsylvania; 200 shipfitters are being sought for the yard at Bremerton, Wash., and over 150 aircraft sheet metal workers are needed at San Antonio, Texas.

Miss Rhodes explained: "Written examinations are not given for any federal positions in skilled trades included in the Consolidated List, but applicants are 'passed' on qualifying experience and training as shown in their notarized applications. Application forms are available at the post office. The forms, when properly filled out and sworn to, are sent to the yard or arsenal at which employment is desired. The applications are rated by boards of civil service examiners at the establishment concerned, the applicants receive direct notification of their ratings and, if appointed, a telegram from the appointing officer telling them when and where to appear for their first day's work in 'Democracy's Arsenal'."

**Dr. C. C. Green Is  
Given Appointment**

Dr. Clyde C. Green, superintendent of the New Castle school system has been designated by State Superintendent Francis B. Haas as a "Co-Ordinator of Information" on problems brought about by the defense emergency. Dr. Green's area will be number five, comprising Lawrence, Beaver, Butler and Mercer counties.

The problem most pressing in many districts is that of school facilities in defense housing areas. Transportation facilities, present capacity of schools and financial circumstances of the districts will also be studied.

"olve", as one account expresses it—literature was seized, they can't hold services and they can't do missionary work."

According to the Boston directors, the cult is numerically fairly strong through the Reich. Its chiefs are said to have totaled more than 100—nine in Berlin alone.

The board also is authority for the statement that the German organization has been scrupulous in observing all Nazi regulations, both as to services and outside activities. Board members can't understand why, as a church, their German brethren should have been attacked. They incline to concur with the state department that their faith's under the Fuehrer's displeasure as of American origin rather than as a religion.

**Some Good, Perhaps**

All the same, state department officials fancy it sees some possible ultimate good from the development. Its notion is that Adolf's course is calculated to get him greatly disliked by a considerable and extremely influential class of German citizens—for the Christian Scientists are generally substantial folk, whether you agree with 'em or not, as to their doctrine.

And the department's enthusiasm in favor of having the Fuehrer disliked by as many people as possible, right in Germany.

Diplomacy's a funny thing, by the way. When Undersecretary of State Sumner Welles handed to German Acting Ambassador Hans Thomsen our note, informing him that we hate and despise his country's consuls in our midst and want 'em to leave here in short order, he concluded with this sentence:

"Please accept, sir, the renewed assurance of my high consideration."

That note gave an idea of how high his consideration was, didn't it?

**GARDNER**

Captain Tom Lyon of Zellenopolis called on his relatives at Gardner last Wednesday evening.

Paul Earhart of Masury, O., is visiting at the home of his grandmother, Mrs. Mary Myer.

Miss Annie Miller of Epworth street, New Castle, was a Monday evening dinner guest of her cousin at Gardner.

Mr. and Mrs. William Donley and son, Harry, of Gardner and Mr. and Mrs. Ben Steinbrink of New Castle visited Herman Steinbrink of Cleveland, O., on Sunday.

Mr. and Mrs. G. P. Moore and family visited the home of Mr. and Mrs. Harry Gross of near Rose Point on Saturday evening, and on Sunday the Moore family visited at the Clyde Moore home.

On Thursday, Lr. Lowry McCandless and Mrs. McCandless were dinner guests of their relatives at Gardner. Miss Louise Wighton went home with them to Rochester, Pa. On Sunday they were all dinner guests at the home of Captain Lyon. In the afternoon they took Miss Wighton to see the house built by her great grandfather, William McCandless, a few miles from Butler. Miss Wighton returned to Gardner on Monday morning.

## The Great Game Of Politics

(Continued From Page Four)

less rather than more desire to go to war now than there was before he took any of them.

THIS being the case, the argument of the afore-mentioned group is that no further Presidential step in the direction of fuller participation (such, for instance, as the severance of diplomatic relations or conveying) should be taken "until public senti-

ment has caught up." Hence, the forecast is that, barring some unexpected incident, there will be a lull in White House advances along the chosen road. At the moment it seems clear that while the majority strongly approves what the President has done to date, it is not yet prepared for anything more of a drastic nature.

THERE is nothing in the Nazi-Russian conflict to change this situation. The people are interested, but not excited. The danger to us, while real, seems too remote. To a good many this development will appear an added reason for not going further into the war. To many it will seem a wonderful time to step up our defense program, to put more and more planes and bombs and materiel within reach of the British.

But, at the moment, most of the administration advisers—even those who make the most bellicose speeches—are just listening.

### Words Of Wisdom

The world knowledge, strictly employed, implies three things, viz., truth, proof and conviction.

—Whately.

Some plants, especially those defoliated by canker worms or the unusually severe frosts in late May, will require feeding if they are lagging in making new growth. This should be done with great care so as to not force them to grow too late in the summer and thus not ripen before winter.

## Eucharistic Congress Brought To Close Today

(International News Service)  
ST. PAUL, June 26.—An 18-minute radio broadcast by Pope Pius XII from Vatican City to more than 100,000 pilgrims at the ninth national Eucharistic Congress was to bring the great religious convocation to a close today.  
The nation's three major radio networks were to carry his message and benediction to the entire country and to many parts of the world. According to word received in St. Paul, the pope will speak in English although it had been announced previously he would speak in Italian.  
**Final Mass of Conclave**  
Prior to listening to His Holiness' brief message, the final mass of the four-day convocation was celebrated by the Most Rev. John J. Glennon, D.D., archbishop of St. Louis.  
Following the broadcast from the Vatican, an estimated 80,000 marchers were to take part in the mammoth procession in which was borne the blessed sacrament. This procession was to start from St. Andrew's church in St. Paul and wind its way two miles to the Minnesota state fair ground, the Eucharistic center.  
All state offices, as well as industries and business establishments

## Sunday Movie Vote Possible Every Four Years

**Twenty Per Cent Of Electors  
Must Sign Petition However—Bills Approved**  
(International News Service)  
HARRISBURG, June 26.—A measure making it possible to vote on Sunday movies after an interval of four years instead of five years today was one of 17 bills signed by Gov. Arthur H. James.  
The bill increases from 5 to 20 per cent the number of elector's signatures necessary to place the question before the voters at any municipal election.  
The governor also signed an amendment to an act of 1917 providing funds for salaries of replacements of state employees serving in the nation's armed forces. The salaries cannot exceed \$2,000 annually.  
Another bill appropriating \$11,218,699 from the motor license fund for the state board of finance and revenue to meet interests and sinking fund requirements on current state debts. Other bills approved by the governor included:  
Appropriation of money from eight departments for the state employees' retirement fund to meet obligations of the commonwealth.  
Pay raises and charges on buildings leased by the general state authority to state institutions.  
Further regulation of borrowing by municipalities effective January 1, 1942.  
Make it necessary that fruit or vegetable juices be pasteurized or sterilized and packed in sealed, airtight, non-returnable containers.

## Stop-Gap Relief Bill Is Signed

(International News Service)  
HARRISBURG, June 26.—Gov. Arthur H. James today signed the \$7,000,000 stop-gap relief bill for July, thus creating funds enabling indigents to receive assistance pending enactment of the biennial appropriation.  
This new allocation brings to \$13,253,000 the temporary appropriations passed by the legislature. The biennial relief bill, totaling \$131,390,000, is being withheld by the senate until the closing days of the session in order to give the governor a full month in which to study it as prescribed by law.

## Chicago Papers Printed Despite 'Wildcat' Strike

**Ingenuity Tested For Publishers Of Three Afternoon Chicago Papers**  
(International News Service)  
CHICAGO, June 26.—The publishers of Chicago's three afternoon newspapers resorted to ingenuity today to keep their presses rolling despite the "wildcat" strike of members of the Chicago Typographical Union.  
The Daily Times explained the situation under an editorial headed "Why The Times Looks Different." Typewriters replaced the idle linotypes at the Times, the typewritten stories were arranged in page form, the pages photographed, and an engraving made of the photo. From there on, the usual process of getting out the paper was followed.  
The few headlines in the Times were also written on typewriters, photographed, and enlarged.  
The Chicago Herald-American and the Chicago Daily News composition was done in the plants of the Milwaukee Sentinel and the Milwaukee Journal, respectively, and the matrices were rushed back to Chicago by automobile. The press plates were cast from the matrices, and the presses started rolling.  
The Herald-American left two columns open on page one for late bulletins, which were typewritten and photographed in Chicago in the same manner employed by the Times.  
Both the News and the Herald-American dispatched editorial staffs to Milwaukee to edit the news sent there from their Chicago offices by special telegraph wires, and to make up the pages.  
The strike began yesterday with a walkout of the unionists from the plants of the Chicago Herald-American, the Daily News, and the Times. The union seeks a contract to replace the one which expired June 12, and asks that the new agreement include a 55 weekly increase in wages and paid vacations.  
Claude M. Baker, head of the International Typographers Union was quoted in Colorado Springs, Colo., to the effect the Chicago local strike was "entirely unauthorized," and that the I. T. U. advised the strikers to return to their jobs at once.  
Leaders of the Chicago local admitted the walkout had developed a "unique" situation when the workers themselves decided to quit work. Since the I. T. U. is an unaffiliated union, other craft unionists on the newspapers remained on the job and the strike did not interrupt publication.

## Bombing Raids Made On Finland

**Three Successive Raids Are Made On Port Of Turku During Day**  
By TOIVO VITIKKA  
International News Service Staff Correspondent  
HELSINKI, June 26.—Russian bombs were showered on the Finnish port of Turku in three successive raids today as full-fledged war came again to Finland.  
Two Russian formations of nine planes each and one of 20 dropped incendiary and high explosive bombs. Most of them fell in workers' quarters, starting a number of fires and killing seven persons and injuring 27 others.  
The raids occurred shortly after 8 a. m., catching many persons in the streets on their way to work.  
Earlier, Helsinki itself had two air raid alarms, and Finnish fighting planes went aloft to engage the Soviet attackers. Several bombs were dropped in Helsinki harbor but little damage was reported.  
The planes which attacked Turku came from the direction of the island of Hangö, ceded to Russia after the last war. It was not established, however, whether they actually took off from the Hangö air base.  
Finnish planes got into the air over Turku while the raids were still in progress and finally succeeded in chasing off the invaders.

## Reject Bid On Pool Remodelling

Council today met in the municipal hall and rejected a bid made by the New Castle Duntile Company for remodelling of the pool at Cascade Park. The company bid \$5,585. City Engineer G. R. Throop stated the bid was \$2,000 in excess of his estimate. It was immediately rejected. It was proposed by council to remodel one of the sections for persons to "grow a tan."

Wisterias may be pruned and trained now. If they have been making a good growth they will often be benefited by a hard cutting back.

## Bills Barring Reds From Public Jobs And Relief Near Vote

(International News Service)  
HARRISBURG, June 26.—The Cordier-Kenehan bills barring "Reds" from public jobs and the relief roll were ready for final passage in the house today after having been amended over the protests of some Republicans.  
The amendments provide that employees could be fired from public payrolls only for commission of an overt act against the government. They also provide for appeal to the courts by dismissed employees unable to appeal through the teacher tenure act or civil service laws.  
By a vote of 103 to 30, the amendments of Rep. Homer S. Brown, Allegheny county Democrat, were adopted over the complaint of the Republican minority in the house.  
The action came after the executive committee of the Republican state committee recommended the enactment of the anti-Red laws as a bulwark of national defense.  
Rep. Ellwood J. Turner, (R) Delaware, who led the futile Republican fight against adoption of Brown's amendments, warned from the house floor: "If you permit these amendments to be written into law you won't catch one of these skunks in the next two years."  
In position for final passage also in the house was the O'Brien bill barring Communists from the ballot in Pennsylvania. A somewhat similar measure, passed by the senate, remained in house committee.  
Rep. J. Harold Levy, (D) Philadelphia, told colleagues: "I don't believe we have a Communist in the house. I'm not going to vote for a bill against 100,000 employees to catch two Communists."

**HELP APLENTY**  
(International News Service)  
EUGENE, Ore., June 16.—Warren E. Stockler of Dayton, O., recently collapsed while driving along a highway near Eugene. No one is quite sure of what happened next, but within the next few moments three ambulances roared and sired their way to the spot—all arriving at approximately the same time. A fourth ambulance tried to make it but got tangled up in an accident with an automobile en route. Yes, Stockler got to the hospital.

## Plaingrove Group Wins Lebanon Cup

Y. P. C. U. Wins Trophy For Third Successive Year; Does Outstanding Work

At the spring convention of Mercer Presbytery held at Neshamock United Presbyterian church on June 16, the Y. P. C. U. of the Plaingrove United Presbyterian church was awarded the Lebanon trophy cup. This is the third successive year that the Plaingrove society has received the cup, and this time they get to keep it.

Some of the high points of the years work towards winning the cup were: 16 new members; nine essay contestants; the only entrants of Mercer Presbytery; eight orations with only one Presbyterian competitor; two gave \$50 to the James McKnight fund, a missionary in Egypt; and \$30 to the Don McClure fund, a missionary in the Sudan. All of this money was obtained by members of the society tithing.

Clyde Adams was Plaingrove representative on the Presbyterial executive committee and a faithful sponsor of the society. James McKissick was president of the society followed by Raymond Brown who is president for the coming year. Rev. L. F. Faivre is new pastor of the church.

### Adopt By-Laws At Congregation Meet

Corporation Meeting Of Mahoningtown Presbyterian Church Members Held

Members of the congregation of the Mahoningtown Presbyterian church held a corporation meeting in the church Wednesday evening for the purpose of adopting a new set of by-laws. After a vote of the congregation was taken, the new laws were adopted.

E. C. Hulbert, chairman of the congregation conducted the business portion of the meeting, that came immediately following the regular mid-week prayer service.

The by-laws were drawn up by a committee appointed at the last congregational meeting, and headed by C. H. Comstock.

## More Dog Owners Caught By McClure

Information Made Against Ten  
In Washington Township  
Ship District

More dog owners were caught in the net being spread by dog law enforcement agent Howard McClure, when he visited Brent and Washington township, Wednesday. Informations were made against ten from that section who had neglected to provide licenses for their dogs as required by law.

All will be given hearings before Squire John West, of McCaslin, on July 8, at 4 o'clock.

Mr. McClure warns dog owners to keep their dogs tied up at night, whether they are licensed or not, as it is against the law to permit them to roam at large and cause damage. Prosecutions will follow, he warns unless this provision of the law is complied with.

## Victorious Hitler Would Be Menace To United States

(International News Service)  
PITTSBURGH, June 26.—A victorious Hitler in Europe would be a direct menace to America, it was maintained today by Col. William J. "Wild Bill" Donovan, who has twice visited the overseas battlefield as President Roosevelt's personal observer.

Speaking before a freedom rally of some 3,000 persons, he declared: "We will be harmed if Hitler wins... our contribution at this time could be useful and effective. We are not so weak, and those who oppose us so strongly, that we are incapable of action."

The crucial battle of the war is being waged right here in the United States at present, he asserted, explaining:

"This cleanup of the Atlantic can only be done by America. That is why the real battle—the real decisive battle of this war—is being fought at this time not in Europe but here in the United States, and Germany is fighting it desperately. She is fighting it with every psychological weapon at her command by her skillful propaganda, by spreading fear of her invincibility, by creating discord among us, by penetrating our spiritual and moral defenses."

## Camp East Brook Open For Season

Forty-Four Girls At Y. W. C.  
A. Camp For First Camping  
Period Of Season

The walls of Camp East are no longer sending back dull echoes, for once more the cabins are literally alive. Tuesday morning, a fine group of girls were graciously introduced to the camp by Mrs. Alma M. Shumaker, chairman of the camp hostess committee, assisted by Mrs. Wm. J. Caldwell, Mrs. A. B. Foster, Mrs. W. F. Jackson, Mrs. R. A. Eckles and Mrs. E. E. Henderson. When "Bangs" (Dorothy Stewart) rang the noon bell, forty-four girls tripped from everywhere forming a merry line into the dining room.

Following dinner, "Bangs" led the group in a camper-to-camper chat. All campers were introduced by their camp names and plans for the rest of the day were made. The girls then donned their bathing suits and filed through the office to be weighed and inspected by "Greenie" Greenwall. Matters were handled in super-fashion as "Pan" (Katherine Wilcox) recorded the results and "Kit" Hannan greased the backs of the crew as they made their exit. "Peg" Fisher supplying for "Skipper" Cummings, "Slash" Dugan, and "Kit" watched the group enjoy themselves during their first afternoon swim.

The early evening hours were spent in rollicking get-acquainted games, "Kit" leading. Following crackers and milk, the tooth brush brigade and good night talk the campers wound their ways to their cabins, "Hermitage", "Lakewood", "Mahoning", "Neshaunock", "Shenango" and "Harbor". These names were adopted to tie up with the camp's plan to encourage Christian patriotism through health, citizenship and dramatics. Local history is to be made one of the centers of interest during the camping period, culminating in a historical presentation.

## Truckers Strike To Mediation Board

Pittsburgh's Long Drawn Out  
Dispute To Go To  
National Board

(International News Service)  
PITTSBURGH, June 26.—The national defense mediation board today was to receive Pittsburgh's long, drawn-out teamsters' strike, following a refusal by the strikers to accept a six-cent-an-hour wage increase offered by 178 operators.

The teamsters last night voted to stay on strike "until hell freezes over" unless they obtain their 10-cent-an-hour wage demand. Secretary of Labor Frances Perkins certified the dispute to the mediation board yesterday, but withheld action pending acceptance or rejection of the operators' compromise offer.

There has been no indication as to just when hearings on the four-week-old dispute, which has been marked by violence and fire bombs tossings, will begin.

Mayor Cornelius D. Scully, who had been meeting with the disputants for three days, was reported to have recommended a compromise. At a chamber of commerce rally yesterday afternoon, it was recommended that the matter be submitted to arbitration, with the strikers returning to work in the meanwhile.

Roosevelt may never admit it; but if we fail for want of production, it will be a victory by Communist and Nazi agents.

## DAILY DOZEN

(From the Medical Society of the State of Pennsylvania)

What will be the score this year? Last year, in July, there were 9,800 accidental deaths.

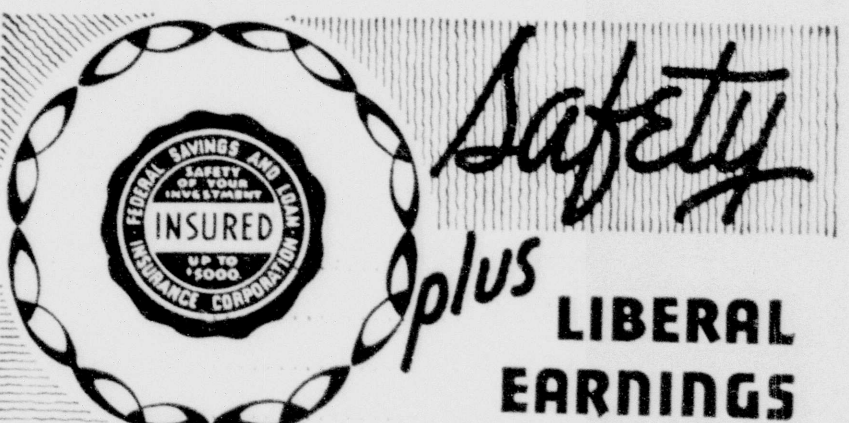

July is always the most costly month in human lives.

There are two reasons for this high accidental death rate. One is Independence Day—the other is the heat.

People crowd beaches and highways on the Fourth of July. Fireworks, despite bans in some communities, cripple and kill. One-fifth of all drownings occur in the month of July.

Automobile accidents took 2,790 lives last July. Excessive heat waves occur in July and claim many victims.

More than ever, American now wants to conserve its manpower. Please be careful—at work, at play, on highway, or in home.

## Swimming Class For Adults Will Start On Monday

Red Cross Sponsoring Class For  
Non-Swimmers At Cas-  
cade Pool

Charles L. Brest, chairman of life saving and water safety of the Red Cross, announces that a class for adult non-swimmers 18 years of age and up desiring to enroll in a class can do so on Monday night, June 30, at 6:30 o'clock at Cascade park.

Registrations will be taken by calling the chapter house, phone 5094 or Mr. Brest, 5170-J.

Mr. Brest is anxious to have all instructors who will be available at this time to report at Cascade park on June 30 at 6:30 p. m.

It is very important that interested persons register immediately as applications are limited.

The American Red Cross is anxious to make an effort to decrease the number of deaths by drowning each year and it is urged that all people interested in water safety contact the local chapter house immediately and cooperate in this undertaking.

## H. H. Boys Club To Hold Outing

The club each year provides gifts and candy for children of St. Vitus Sunday school.

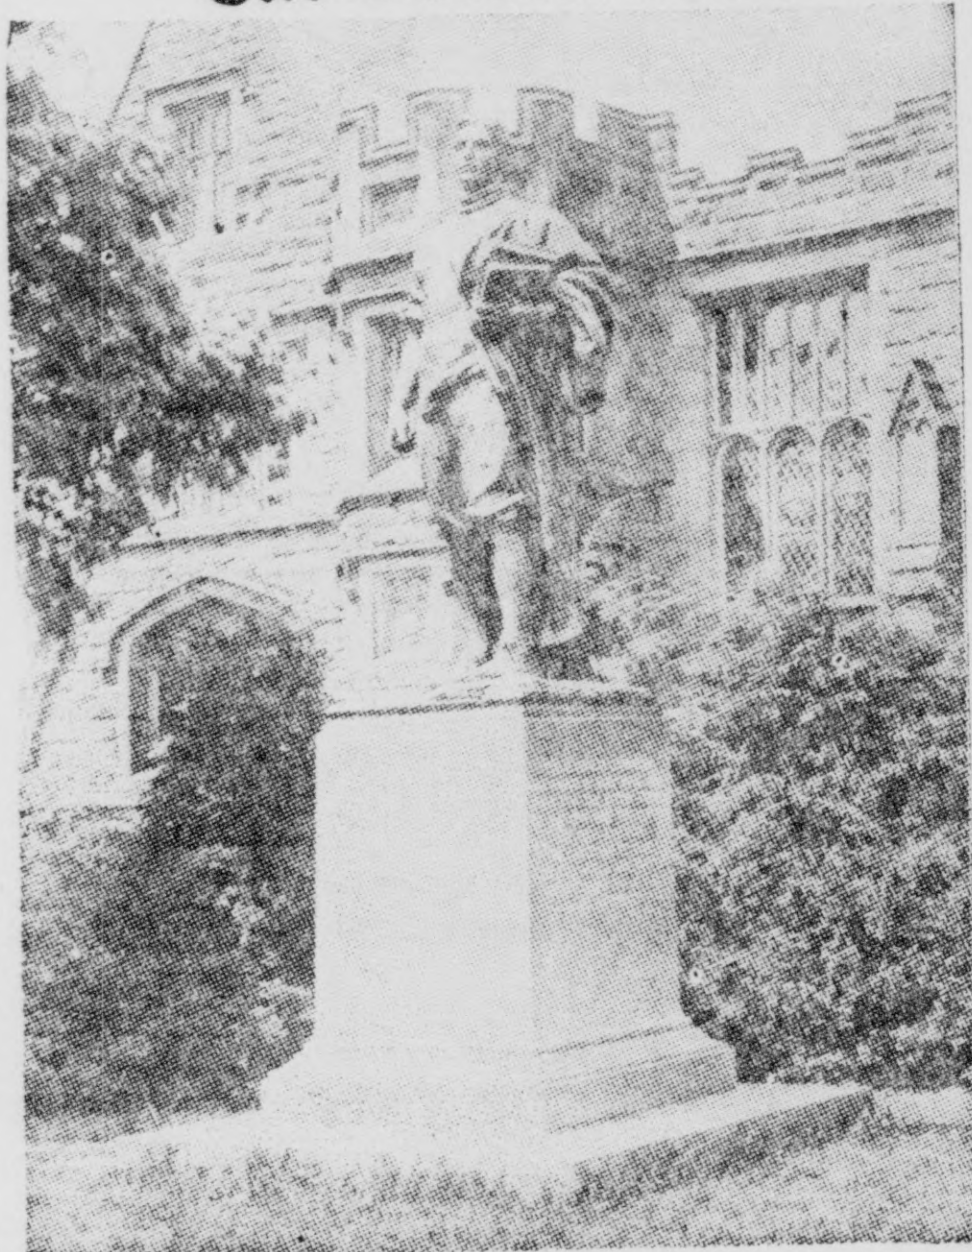

The officers are: president, James Cheroi; vice president, Frank Colaco; treasurer, John Mastrangelo; and business manager, Louis Mastrangelo.

Excessive sucker growths especially those from below the grafts on lilacs, cherries, roses and flowering almonds should be removed as soon as discovered.

## Lessons From The Early Church

Highlights On The Sunday School Lesson

### The Golden Text

The Student Christian

"For other foundation can no man lay than that which is laid, which is Jesus Christ."—1 Cor. 3:11.

By NEWMAN CAMPBELL

(The International Uniform Les-  
son on the above topic for June 29

is 1 Corinthians 3:1-15, the Golden Text being 1 Cor. 3:11, "For other foundation can no man lay than that which is laid, which is Jesus Christ."

Modern Christians can well learn lessons from the history of the early church under St. Paul and the other

leaders. Even as today there were dissensions—strife and divisions, as Paul said.

Paul chides the members at Corinth, which was a famous Greek city on a commanding position at the southern extremity of the narrow isthmus which joined the Peloponnese to the mainland of Greece.

St. Paul called these early Christians children, telling them he could not feed them with meat, but must give them milk, for they were not grown up in their ideas, but babes.

There was jealousy and strife among them. They argued among themselves, some wanting to follow Paul, some Apollos, another leader. "What then is Apollos? and what is Paul? Ministers through whom ye believed; and each as the Lord gave to him."

This is a fine description of a true minister of God—a servant each doing the work as well as he can with the talents the Lord gave him. Why should there be envy or jealousy between men of God? As Paul said: "I planted, Apollos watered; but God gave the increase. So neither is he that planteth anything, neither he that watereth; but God that giveth the increase."

Words Should Be Read

It would be well for every group of ministers to read this before a conference; for every minister to read it to his congregation which is split by disputes and jealousies.

What, after all, does it matter, if so-and-so is a better preacher than another; or if one can sing more melodiously so that he or she is asked to be the leading singer in the choir? Let everyone do according to his ability; for all is done for the glory of God, not for the individual.

We contribute our talents, but God is the One that brings the success.

If we do the best we can with no thought of self-interest, surely we will be rewarded—"each shall receive his own reward according to his own labor. For we are God's fellow-workers; ye are God's husbandry, God's building." God works through us "His wonders to perform." That is true, as true as can be.

"According to the grace of God which was given unto me, as a wise masterbuilder," says Paul, "I laid a foundation; and another buildeth thereon. But let each man take heed how he buildeth thereon. For other foundation can no man lay than that which is laid, which is Jesus Christ."

Then Paul speaks of the building material—gold, silver, costly stones, wood, hay, stubble. The last three would easily be destroyed, whereas the three first even if they were cast down or subjected to fire, would yet be valuable.

And that which we build on—the foundation of our religion—surely will be tested by the fires of life. If we have a real faith built on the Gospel of Jesus, and if we sincerely try to follow His teachings and live the life He lived while on earth, our building surely will survive, no matter what the test it is given.

"Each man's work shall be made manifest for the day shall declare it, because it is revealed in fire, and the fire itself shall prove each man's work of what sort it is."

These Corinthians to whom Paul spoke knew what a trial by fire meant. Their own city had been razed by flames that destroyed all the slightly built houses, but had left the massive marbles standing in the ruins.

The troubles of the early church are repeated in our own modern groups, and many a minister knows only too well how his work is hindered by those who profess to be good Christians, but who are jealous, envious one of another, and taken up with disputes and quarrels.

"For other foundation can no man lay than that which is laid, which is Jesus Christ." On that foundation each of us must see that he builds well—with God's help.

SUFFERS INJURY

Miss Helen McBride, of 503 Waldo street, employed as a stenographer at the Citizens' National Bank suffered a laceration of the fourth finger of the right hand, Wednesday morning, when it was caught by the door of the vault. She was treated at the Jameson Memorial hospital.

Forget-me-nots, violets, candytufts and many other small edging and border plants will be encouraged to make new growth and another crop of flowers if they are cut back rather severely as soon as they finish their first blooming period.

Meeting with the county commissioners on Wednesday a delegation of New Castle business men urged the erection of a new bridge across the Neshannock creek near the foot

of Mercer street as a means of relieving traffic congestion in downtown New Castle. In the group were Robert C. Love, Emmanuel Shellen, Harry L. Gormley, and A. H. Gormley.

Mr. Love stated that a bridge was needed to divert some of the heavy traffic off Washington street.

Commissioner George H. Bolinger said he thought if the city would buy the building at the corner of Mill and South streets it would permit traffic to get onto the Mill street bridge without difficulty.

Commissioner William R. Walton said it would be impossible to get steel for a bridge at this time due to the priorities on steel.

Mr. Gormley said nobody knew whether steel could be gotten or not until some effort was made and said he thought the first thing to do was for the commissioners to decide whether or not they would build a bridge.

Commissioner Walton then suggested that traffic be routed down Moravia street of Division, up Division to Pollock, over Pollock to Taylor. This would require some street widening on Division and Pollock avenue, Mr. Gormley pointed out.

The conference resulted in nothing being done.

Canal Zone Men

EAGERLY AWAIT NEWS

New Castle soldiers who are stationed at Albrook Field, Canal Zone, look forward eagerly to each issue of The News, according to George C. Boulden, who is with the 30th

Pursuit Squadron, (INT), having been transferred from the 74th Bombardment Squadron (H) at Albrook Field, on June 1.

He states, "The papers I receive are passed on to other New Castle enlisted men in the service on the Isthmus. Sgt. Walter Norris and Corp. Glen Thorpe are those at Albrook beside myself who eagerly

look forward to the next issue. It is then passed on to Pvt. "Ruffles" Johns, of Howard Field, and he in turn passes it on to John Bordoza at Camp Paraiso. From there, its destination is unknown to me."

## BACKACHE, LEG PAINS MAY BE DANGER SIGN

Of Fired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

"The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day."

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there's something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills. Used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

### New York Yanks League Leaders

Yanks Keep On Belting Ball, DiMaggio Extends Streak To 37 Games, Indians Lose

By PAT ROBINSON  
International News Service Sports Editor  
NEW YORK, June 26.—We had intended saying a few kind words about Lefty Grove and his 29th major league victory today.

We also had in mind a few nice remarks about Monte Pearson's grand comeback about Johnny Rigney's 13-inning shutout and about one Bill Harman, an astonishing rookie who shows up as a catcher for the Phils in the first half of a twin bill and as a pitcher in the second half and does equally well in both spots.

DiMaggio Keeps Going  
And how can we fail to mention that Joe kept his own and the Yankee streak alive by belting his 16th homer? It simply can't be done and so we have tried to remind you that Joe has now hit in 37 consecutive games—with only four to go to tie the record—and that the Yankees created another new record by getting 34 homers in a stretch of 29 straight games.

Oh, well those are the facts and if the Indians intend to stay close to the Yanks they'd better start pitching Bob Feller about every other day.

The Yanks topped the Browns yesterday while Old Man Grove was subduing the Indians, 7 to 2. And he it noted that Cronin's crushers are very much in the pennant race. Meanwhile the Athletics were giving a few lessons to Schoolboy Rowe to tame the Tigers, 5 to 4. And that brings us back to Rigney whom Uncle Sam turned down because of a bad car.

White Sox Win  
Johnny hooked up with Sid Henson of the Senators and they went 13 hits before Johnny came down in front, 2 to 0. Sid gave only three hits up to the fatal inning when two hits and an intentional pass filled the bases. Then he walked the next hitter unintentionally and the Sox proceeded to stage one of the rarest plays in baseball—a successful triple steal.

The Cardinals clung to their precarious half-game lead over the Dodgers by pounding the Braves again, 6-2, while the Dodgers once more were trimming the Pirates, 5 to 4.

Bill Lee had a bad first inning and the Giants showed over three runs and went on to beat the Cubs, 4-1. And the helpless Phils dropped a pair to the Reds, 8-3 and 5-1.

Billiards is a game of ancient origin, having been played before the Christian era.

### RUSSELL BAXTER BATTLES TURNER IN ARENA MONDAY

There are several knockout punches included among the 16 fighters who will appear in the eight amateur battles Monday night in the air-cooled Arena when the Jefferson A. C. stages another fight offering, this time for the benefit of the Veterans of Foreign Wars, Neshannock Post, No. 315. Russell Baxter opposes Johnny Turner in the feature scrap.

They are Russell Baxter, Frankie Moran, Lester Leasure, Rollin Horne and Johnny Shar. Not so long ago Moran who totes a lethal poison in either hand, stowed away Shar. However, he did this only after Spar had Frankie groggy but who through wonderful recuperative powers came back to bowl Shar into dreamland. Moran is slated to fight Melio Donelli of Niles at 135 pounds.

Leasure scored several knockouts up to the time he dropped a close decision to Russell Baxter in what was termed the greatest of any fight in a year in this city. However, Tuesday night in East Liverpool, Lester came back strong and knocked out Alfred Peebles in the third round. Leasure will take on Mike Burke of Niles at 160. Burke holds a decision over Baxter. This denotes his ability.

Rollin Horne, brother of Sonny, of Niles, scored knockouts in Ohio rings and has put on some good fights here. He recently with Jackie Burke. He lost the decision but gave a good account of himself. He will oppose Jimmie Varkett, of Ashtabula, at 135. Varkett is a newcomer to the New Castle ring.

Shar, a tough, game kid, carries a wicked right hand. He almost dumped Moran, as stated in the foregoing, but crashed before a hard left. However, he will box another Ashtabulan when he takes on Billy Boyle at 140 and Andy Arrington, colored, of Clairton, who fought Bud Bush, of Brownsville, a good bout recently, will tackle Bobby Colechi, of Ashtabula, at 126.

There will be a sensational main bout when Russell Baxter, a good puncher, takes on Johnny Turner, of Clairton, at 155 pounds. Baxter is reportedly in splendid condition and no doubt when he crawls through the ropes the fans will see him bouncing, punching and trying to outsmart Turner.

Two other bouts remain to be arranged.

#### ROSE BOWL WINS

The Rose Bowl team defeated the South Side Board of Trade team 25 to 5 in a baseball game last night. The winning hurler was Dick Harper. The Rose Bowl Tigers are coached by Ralph Micaletti. Joe Kellner did the Rose Bowl catching.

### HERE AND THERE IN SPORTS LAND

Ty Cobb out-golfed Babe Ruth at Newton, Mass., Wednesday, winning the game for charity, played before 2,000 spectators, 3 and 2. Cobb wiped out an early two holes deficit to go one up at the halfway mark. Both carded 43s, six over par for the first nine, and Ruth snared the only birdie by chopping in from 40 feet on the 495-yard fourth.

Catcher Al Todd has been shipped by the Cubs to Milwaukee. Baby Face Leasure Kayeod Woodie Bue at East Palestine, but Albert, his brother, considerably out-weighted, was rolled by Mike Bowen, a more experienced amateur battler. . . . Loyal sons of Notre Dame tonight will greet Rev. Father John J. Cavanaugh and Coach Frank Leahy at a dinner in Pittsburgh.

John Abbate, Cincinnati, 40,000 meter walking champion, added the 10,000 meter A.A.U. title yesterday at St. Louis, passing John Deni, Pittsburgh, on the home stretch. The time was 57 minutes, 47.4 seconds. . . . Elaine Ghering, Edinboro State Teachers graduate, will compete in the first National Intercollegiate Golf tourney for girls at Ohio State U. next week.

### Shortage Of Umps; To Conduct Course

(International News Service)  
WICHITA, Kan.—It's not players that are scarce—but umpires. President Ray Dumont of the National Semi-Pro Baseball Congress announced today that there is a shortage of competent umpires, not only to officiate in district and state tournaments, but also in the National Association of Umpires so the fans won't be calling 'em "Robbers" or "Blind Toms."

### Croton Defeats Epworth 9 To 6

The Croton Methodist church softball team won from the Epworth Methodist team last night in a church loop battle at Lehigh field 9 to 6. Williams and Schetrom led the hitting for Croton with homers. Other heavy hitters were O'Brien, Booth and Conns with triples. The winning hurler was Glover, the loser being Wimer. Score by innings: R. H. E. Epworth . . . 101 021 1—6 7 3 Croton . . . 026 100 —9 12 2 Batteries—Epworth, Wimer and Whitlatch; Croton, Glover and Schetrom.

### Washington Wins Annual Regatta

Huskies Row Great Race To Edge California In Annual Poughkeepsie Race

(International News Service Sports Editor)  
POUGHKEEPSIE, N. Y., June 26.—The greatest powerhouse outside of an ocean liner, the Washington Huskies, still dominated the collegiate seas today with a white-tipped paddle and a splinter of a craft that skimmed down the Hudson yesterday in a triumph that was spectacular for the sheer brute strength of it all. Winners of the Poughkeepsie regatta classic for the fourth time in the last half dozen years, the half-naked young men from the evergreen country successfully defended their championship in the renewal by simply beating down the rest with their muscles.

There was no finesse here, or at least no great and enduring presentation of a theatrical finish, for this Washington crew never gave the rest of the record-trying fleet, of nine a chance. When the time came for putting on the pressure it had it without having to lift its beat more than a point or two, and that made up the story of why California, rowing at a faster beat, and Cornell, the pride of the East, and the others wound up back there in the wake.

Huskies Are Great  
Speaking quite modestly, Coach Al Ulbrickson revealed after the race for the first time that this eight-oared shell, was better at two or three miles, than his national and olympic champions of 1936, and actually had broken that former crew's 2,000 meter record in an unofficial clocking.

### Cleveland Tutor Quite An Artist

(International News Service)  
CLEVELAND, O.—There must be a strong affinity between football and painting. First, of course, there is Bob Zupke, who wields a deft brush when he isn't busy coaching the Illini grid squad. Today comes Gene Oberst, a star tackle with the Notre Dame football teams of 1922 and 1923, to rival Zupke. Oberst, assistant grid mentor to Tom Conley at John Carroll university, recently had 25 of his paintings on exhibit in the University administration building at Cleveland, O.

PERSEVERANCE PLUS  
CHICAGO — George Dickey, kid brother of William Dickey, can be called Mr. Perseverance in person. After years of plugging, George recently drew his first starting assignment, catching for the White Sox. He celebrated by clubbing a homer.

### Fast Clashes In Dean Park League

Three exciting clashes were played on Wednesday morning in the Dean Park Softball league. In a free hitting fray, the Allen Olympics ran up a 16-11 margin over the Tigers; the M. & D. team edged the Mustangs, 1-0, and the Young Yankees came out front 8-7 over the M. & D.

Friday, the East Side Tigers line up against the M. & D.; Young Yankees battle the Mustangs, while the Olympics are idle.

#### YOUNG COMPETITOR

Youngest player ever to vie for the National Open title was Herbert Rawlins, 19. The date was way back in 1894.

### EX-OLYMPIC STAR MORALE OFFICER

(International News Service)  
PHILADELPHIA—Lieut. Walter L. Whalen, former Olympic high jumper who once held the world indoor record, today is morale officer in charge of athletics and recreation at the Naval Air Station at Lakehurst, N. J. Naval officials announced. Whalen, a naval reservist, participated in the Olympics in Antwerp, Belgium, in 1920, during which year he held the record of 6 feet 3½ inches.

#### FILLY IS FAST

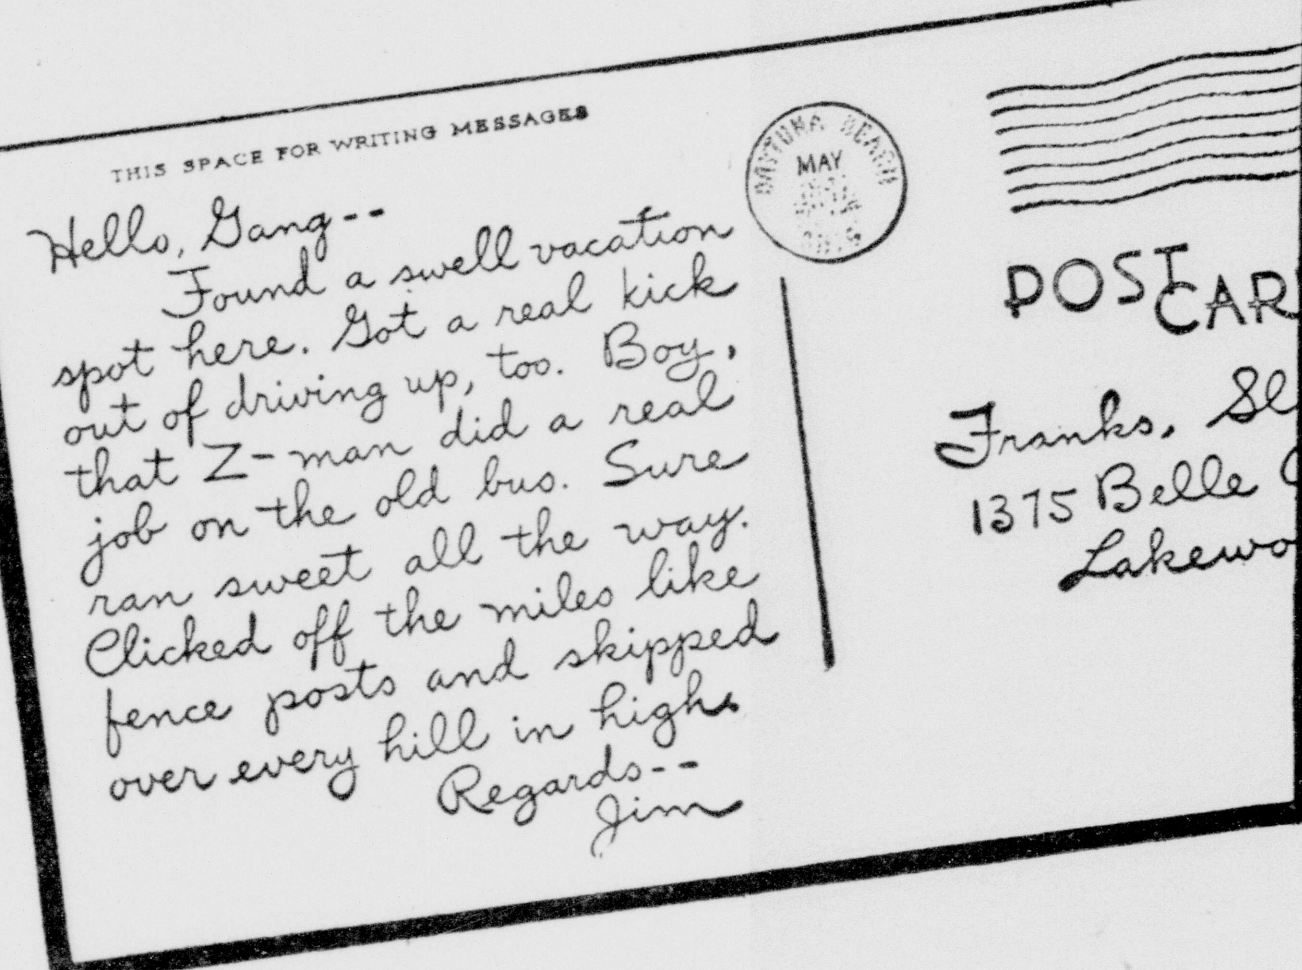

NEW YORK—Mackerel, the filly which tied the Belmont Park juvenile course record with five furlongs in 0:59.3-5, is from the last crop of Equipois, which died as she was about to win renown as a sire.

### New Teams Can Enter League

Lawrence County Loop Moguls Meet; Some Games Unplayed

When the officials of the Lawrence County Baseball league met at 7:30 o'clock tonight in the Sport Goods store applications for a franchise in the second half of the league will be considered. This was the announcement made today. Not all of the games have been played in the first half which originally was scheduled to end yesterday.

Bits of this and that cooked together to make a column:

Young Tom Ferrick, the sensational Philadelphia Athletic relief pitcher, was deep in study for priesthood about four or five years back. The way he chucks, a lot of A.L. swatmen wish he had continued his studies. . . . Bob Zupke, who wields a deft brush when he isn't coaching football at the U. of Illinois, will have plenty of time on his hands to pursue his hobby if the wolves don't keep hollering. . . .

Billy Conn can't keep out of print. First it was the Louis fight, then the Hollywood-like romantic story about his sweetheart and future father-in-law; then the proposed role in the movies and now a ring. Seems that someone showed The Kid a \$1,900 ring. Conn took it to a friend to have it appraised, before buying it. Now he can't find the jewelry piece!

A wide-spread whisper that baseball in general, and certain players in particular, are beefing about the draft law, is the worst advertisement in the world for the game. If such a rumor is true, diamond officials and responsible players should sit in shame. Why does a baseball player think he should be deferred? Is he better than a less fortunate soul who must earn his bread and butter digging a ditch or toiling in a mill?

Something that may alleviate the feelings of Pittsburgh Pirate rooters. The bold Bucs recently rang up their 20th win of the year with 25 defeats against them. Last year, they had lost 31 when they achieved their 20th victory on June 22. Showing improvement eh? Joe Kubel is among the most popular members of the White Sox squad. Joey is an amateur magician and entertains his pals quite often. . . .

## Zivic And Davis Battle Tuesday

Grudge Fight Next Tuesday  
Will Put Money In Army  
Relief Fund

By JACK MAHON  
(International News Service Staff Writer)  
NEW YORK, June 26.—Al (Bummy) Davis and Pittsburgh's Fritz Zivic, world's welterweight champion, will meet in a 12-round return grudge bout at the Polo Grounds next Tuesday night for the benefit of (1) Al (Bummy) Davis (2) Fritz Zivic and (3) the U. S. Army relief fund. Though both these ring rowdies have as much larceny in their systems as the citizens currently enjoying vacations at Sing Sing and San Quentin, their ballyhoosers are trying to paint them as nothing more than misunderstood little boys of the back-busting racket.

Davis' mob (and what a mob!) say that Bummy never did a wrong thing in his life unless provoked while Zivic's clan claim Fritz is something of a male Emily Post if left alone. Unfortunately it seems the sun never sets that some stranger isn't provoking Bummy or annoying Fritz.

Without further ado let us present a couple of deathless lines from the press releases recently sent all-suffering sports editors from Private Davis' camp at Summit, N.J.

"I informed that Fritz Zivic had requested that he (Davis) forget anything that he (Zivic) had done during the first three minutes of their first fight. Al's eyes flashed fire as he testily replied: 'I got nothing to say. I am in the army now—and a soldier doesn't talk.'"

(What are they Al, all mutes?)

The Lawrence Indies waited until the last of the seventh inning last night at Marshall field to win from the Moose club 11 to 8. The Moose held an 8 to 7 lead going into the final frame, and the Indies clubbed out four runs.

Pat Majocha was the winning hurler, with Dutch Updegraff the loser, although he pitched a fine game. Heavy hitting was done by Monk Rainey and Annerella, with triples, the latter also having a double, and by Mike Orlando with a double.

It was the fourteenth win of the league for the Indies against two setbacks.

## Ellwood City Beats Wampum

Although outbit, Ellwood City defeated Wampum 5 to 4 in a Lawrence County Baseball league game Wednesday at Ellwood City. Marshall fanned five and issued two free trips to first. Each team made three errors.

Ellwood City got the hop on Wampum in the first 3 to 2 and scored two more runs in the third. Wampum worked a run across in both the fifth and seventh.

Ferrante, Powell and Price joined the triple hitters, with a trio, Leopardo, Guy and Cole poling doubles.

## Johnson Bronze Softball League

The Johnson Bronze Inter-Shop Softball league began play last Tuesday with Babbitt Shop team defeating the Office Force, 10 to 3, with the hitting of Joe Bosco, Moore and Lank the feature for the winners, and with C. Powell having three hits and Endress slamming a homer for the losers.

Score by innings:

Johnson Bronze	R.	H.	E.
Babbitt Shop	10	10	3
Office Force	3	10	3

Yankees Win Game  
In the second game on the night's card the Yankees trounced the Inspection team, 10 to 5. Natalie was the winning hurler, the loser being Gibson. The Inspection had one big inning, the second, in which they got four of their runs. Fine fielding aided Natalie in winning. Gillett had a homer for the winners.

Score by innings:

Yankees	R.	H.	E.
Inspection	5	10	3
Yankees	10	10	3

## Chautauqua Muskie Fishermen Must Get Special License

Season Opens On July 1—  
Special License Is New Departure For Fishing

ALBANY, June 26.—Every person, regardless of sex or age, who wishes to fish this season for muskallonge in the waters of Chautauqua or Cattaraugus Counties, except Lake Erie, must purchase a special muskallonge license. This fact was called to the attention of all persons by the Conservation Department today.

The license will cost 25 cents. The season opens July 1, next Tuesday. Department officials also point out that every person, except women citizen residents of New York or minors under 16 years of age, must have on his or her person when they fish, the regular fishing license or the combination hunting and fishing license of the Conservation Department as well as the special permit.

The special muskallonge license is something entirely new this year and is part of the plan to conserve this species of game fish for the waters of the western part of the State. Any of these licenses which are lost or destroyed cannot be replaced and a person must not purchase more than one such license in any calendar year. This means that once a person ceases to hold this permit he cannot fish for muskallonge the remainder of the season. The licenses are not transferable.

With each license sold will be five metal tags. Somewhat similar to those seen on freight car doors, one of these must be used on each fish caught until the season's limit of five is reached.

Alarmed at the falling off in the number and size of the muskallonge taken in western New York during the past few years, Conservation Department officials, legislators sportsmen and other interested citizens worked out a program designed to save this valuable resource and assure this future generations a continuance of their famous fishing area and fish. Laws enacted at the last legislative session go a long way toward the goal by shortening the open season, requiring the special license and by setting a minimum size limit at 32 inches, a bag limit of one a day and five for the season and restricting the type of gear used.

## Baseball School To Begin Friday

Class Starts At 9:30 O'Clock  
On George Washington Junior High Field

All roads lead to George Washington junior high field Friday morning—so far as New Castle's baseball-minded youths are concerned.

On the spacious north hill ground, the second annual Atlantic free baseball school starts promptly at 9:30 o'clock.

Al Kreuz, the former All-American football player from the University of Pennsylvania and who serves as diamond coach in the Quaker City institution, and Glenn Wright, the former Pittsburgh Pirate shortstop, will don their teaching raiment and show the enthusiastic boys the right way to play baseball.

The instructors will spend the major portion of the morning getting acquainted with the class. During the day, Kreuz and Wright will teach the scholars the rudiments of the game. As the weeks roll by, the pros will delve deeper and deeper into the more intricate side of the game.

At the conclusion of the school, six or seven weeks hence, an all-star aggregation will be selected. The New Castle team will vie in a district tournament. Winner of the journey will play in the state finals. Members of the all-star club will receive complete new uniforms, gifts of the sponsoring company.

Classes will be conducted every Friday starting at 9:30 o'clock.

The school is open to any boy who desires to learn how to play baseball the right way. There is no charge whatsoever involved.

## Radiators Trim Ellport Tigers

Score Is 9 To 6 In Softball  
League Game At Rad Field, Fannins Win Also

Those rampaging National Radiator softball boys won another Lawrence County Softball League game last night from the Ellport Tigers at the Rad Field 9 to 6. The winning hurler was "Muddy" Rhodes, the loser was Leposky.

Rhodes was touched for 11 hits but kept them scattered, the Tigers being unable to hit when hits meant runs. The heavy hitters in the game were—Dado and Gennoch for the Rads, and McCormick and Leposky for the losers.

Friday the league leading Rads plays the Valentinos at the Hickory Heights field.

Score by innings:

Ellport	R.	H.	E.
.....	000	320	010—6
Radiators	.....	002	024
.....	01X—9	13	1

Batteries—Ellport, Leposky and McCormick; Radiators, Rhodes and Fornataro.

## PLAY THE BATTLE

The Ellwood Sons of Italy and the Columbus club battled ten innings to a draw last night 6-6 at the Ellport field. Beres on the hill for the locals allowed nine hits, while Strait and Gallagher gave up 12 hits. The heavy hitters in the game were: Al Rainey, Pete Razzano and Conoglio.

The tie game and postponed game will be played off on this coming Sunday at the Liberty street field at 1:30 o'clock.

## Pulaski, Bush Cop Loop Wins

Maintaining the same pace they have set all season, the Pulaski swatsmiths rolled up an 8-5 City-County Independent Baseball league victory over the Elder A. A. on Wednesday evening.

Since the Pulaski club captured the first half bunting some time ago, the win simply enhanced the team's splendid record.

Score by innings:

Pulaski	R.	H.	E.
.....	100	301—5	7
Elders	.....	001	61X—8
.....	9	1	0

Batteries—Elders, Probst and Morrell; Pulaski, Mitchell and Grell.

## BUSH WINS

Paced by Davis, the Bush A. C. snatched a 5-4 victory over the Union Civics.

Bush and Gorgacz hit hard for the winning nine. Tonight, the Bush nine opposes the Ramblers on Washington field.

## BRONZE GETS FORFEIT

The Johnson Bronze won a softball league forfeit last night when the Sunny Boys failed to show up for a scheduled loop battle at Gaston Park field.

## SLOVAKS-ELDERS BATTLE TONIGHT

League Leaders Hope To Take  
Measure Of Slovaks, Indies  
To Play Croton

The leadership of the city baseball league theirs by the virtue of their splendid triumph over the Lawrence Indies, the "red hot" Elder A. C. baseball team will engage the Slovaks tonight at the popular Marshall field site in the final regular game of the league's first half. The game will start at 6 o'clock and will no doubt draw a large gathering.

Manager Joe O'Leary will probably start Dick Witheron on the hill, as his slants in the past have worried the Slovaks. The Slovaks will use either Balla or Prybyski.

Moose At Ryantown  
The Moose club with four wins in the past five games will go to the Ryantown field to battle the Ryantowners, with Smith, a new acquisition, slated to face Hartman or Fisher.

The third game on the night's menu will take the Croton team to the Cedar Street field to tangle with the Lawrence Indies team.

The West Pittsburgh and West Side A. C. game scheduled for tonight has been postponed, and will be played next Monday at the Lee avenue field, it was announced by Managers Danny DeGenova and Len Gilbert.

## Philly Grid Team Will Be A Winner, Greasy Neale Says

(International News Service)  
PHILADELPHIA, June 26.—The Quaker City early last spring via that historic franchise swap which took Bert Bell to Pittsburgh, Bell, was former prexy of the Philadelphia National Pro league entry. The new owner promptly put Neale in charge at Philadelphia.

Neale already has made a 3,500-mile ivory hunting trip and signed up a number of likely prospects.

IS GOOD PUNCHER  
PITTSBURGH.—Tredy Yarosz, young brother Tommy, is credited today with having a harder punch than his brother, and those who say so point to Tommy's 16 victories in 17 professional fights.

Peek, Yank Rookie,  
Starting To Click  
NEW YORK.—Steve Peek, New York Yankee rookie, is easily one of the most improved pitchers in the American league.

When time came to cut down the roster to the 25-player limit, Manager Joe McCarthy decided to string along with the ex-International league twirler. Peek's improvement is vindicating McCarthy's judgment in keeping him.

TRY COLLEGE PLAN  
BROOKLYN.—Brooklyn is trying a system made popular by college grid teams. The Dodgers recently hired George Uhle, former Cleveland star finger, as a scout. Uhle's job is to keep on the road and report weaknesses of Dodger opponents.

## Variety Horse Show At Canfield, Saturday

Various Events Feature Saddle  
Horses From This  
District

First annual Mahoning Valley Variety Sports show featuring some of the best horses in Trumbull, Portage, Stark and Columbiana counties in Ohio, and Lawrence and Mercer counties in Pennsylvania will be held Saturday afternoon and evening at Canfield, O., fairgrounds. The show is for the purpose of encouraging the amateur or novice to participate in horse show activities by exhibiting gaited, pleasure or trail horses, according to LeRoy F. Beard, secretary. William H. Kilcawley is chairman of the show.

Following the parade and equitation the former beginning at 1:30 p. m. Saturday, there will be an exhibition of saddle horses, three-gaited, pony race, roadster (bike wheel cart); pleasure horse (owners or amateurs to ride); fine harness and then the five-gaited horse event to be followed by a parade of participants.

The evening events will start at 8 o'clock, featuring a parade, three-gaited saddle horses, five-gaited combination, harness as to performance, conformation and suitability; pleasure horse, three-gaited combination and the five-gaited open event will be followed by a grand finale of participants.

GOOD USED CARS

You who are interested in a Used Car should check and double check car value—prices and monthly payments. Don't be misled by a down payment, and don't get gyped on your monthly payments, which in many cases are very much padded or more than they should be.

Better shop around a bit and see the kind of cars we are offering. They are better cars at lower prices. We are not overstocked, just a few more real buys left to sell before the 4th. Doesn't cost anything to come in and see for yourself and be convinced.

## More Active Trading To-

## day, Steel Shares Higher

(International News Service)

NEW YORK, June 26.—The stock market developed a moderate uptrend today in somewhat more active trading.

DuPont rose a point. Some of the aviation were strong, with Glenn Martin and Lockheed gaining large fractions. Aviation Corp. was very active and one block alone aggregated 5,000 shares.

Amusement shares also were prominent, with RKO turned over in large blocks.

Reading was outstanding in a firm market for railroad shares and moved up to a new high. Big earnings gains reported by leading carriers for May was an influence.

The latest government action on prices restrained the auto shares.

Steel shares scored small gains, and copper were better. The utilities were unchanged to higher. General Steel Castings, recent strong spot, lost over a point.

## Twenty-Two Boys Plan To Study At Resident Center

## Will Take N. Y. A. "Defense Trades" Course At Center In County

ELLWOOD CITY, June 26.—The Chamber of Commerce announced today that 22 boys between the ages of 18 and 25 years have signed up for the N. Y. A. "Defense Trades" course offered at the N. Y. A. resident center located near the Armory in New Castle. Three phases of training that the local boys will receive are machine shop work, welding and related blue print reading.

Other courses are to be offered a little later will be automobile mechanics, sheet metal work and tool design.

The federal government pays the local youths \$30.00 for about 80 hours work at the center each month. \$20.00 of which is returned to the center for food, medical and dental care and other expenses.

This time is spent under the supervision of competent foremen on production work for the U. S. Army, Navy or local municipalities.

Requirements to get in the defense training courses are that the young men be between 18 and 25 years of age, out of school and unemployed. A high school education or its equivalent and mechanical aptitude are also required. Six to nine months is the approximate length of time for a boy to attend the classes before he will be able to be ready for private industry.

Boys fitting the above requirements and interested in attending this trade school may receive applications at the Chamber of Commerce.

## REPAIRS BEING MADE AT SHELBY POOL

## Outside Playground Pool Is Closed Until Repairs Have Been Completed

ELLWOOD CITY, June 26.—The Shelby Playground outside pool was closed today until definite repairs are made to the chlorine apparatus and the filter bed. Playground Director Denny Schill stated that with some 400 children wishing to cool off and go in bathing in the small Shelby playground pool, it is just impossible to keep the water up to the test required by state laws.

The closing of the local playground pool will mean that a great majority of these children will seek the treacherous creeks and river for bathing without life guard protection.

The local playground commission through their president, Dr. H. E. Helling, stated today that either a dam or a fine pool is one of the outstanding needs of the community and the quicker borough council acts on this matter, the more lives will be saved as this heat wave continues.

ELLWOOD CITY,

# Rationing Of Clothes Order Stunning Blow To Women Of England

Editor's note: What it feels like for a young lady to have her clothes rationed is described today in the following dispatch from Kathleen Harriman, International News Service girl reporter in London.

By KATHLEEN HARRIMAN  
International News Service Staff Correspondent

LONDON, June 25.—All England's women are stunned today—still stunned and baffled by the unexpected bomb that hit us when Oliver Lyttleton, president of the Board of Trade, announced the rationing of clothes. Though the men and children are also hit, I'm most interested in the women's side of this event. I guess they are too.

It's a momentous step, kept secret to prevent a run on stocks, and there'll be havoc for weeks to come, but the fact remains that the women of England, whether she sits in a smart restaurant in London or struggles along in her modest home kitchen, will have the same few new clothes this summer. A suit costing \$10 or \$80 means 18 pieces—less coupons, almost one third of the yearly allowance of 66.

Stop for a moment and think what it means. Say the average woman owns two coats, one winter and one summer, one suit, three blouses or sweaters, four dresses, and dressing gown, three complete

sets of underwear, three pairs of shoes, twelve stockings, and twelve handkerchiefs. Add this list up in terms of its coupon value and it will come to 220.

It gives you an idea of what the women of England will be able to buy in the next three and a half years.

## Material Rationed

There's no way out, material is rationed, so home-made clothes will cost the same as bought ones.

England is at war. One more wartime step has been taken. Shipping space once used by raw materials for clothes will be turned over to food and steel. The thousands of men and women in the cloth factories will be employed in the production of the munitions of war. For more planes, tanks and bombs and women will go bare-legged. The five-year-old coat will be patched, repatched then mended some more.

Like Scarlett O'Hara, women will start cutting up the living room curtains into skirts and making last year's dress into a blouse. The wife will darn her husband's socks more carefully than ever before, and the youngest child of the family will grow to understand the real significance of the word "hand-me-down."

The small family will take to swapping a pair of shoes for a dress with the neighbor. Second hand stores will thrive.

New fashions and styles died a sudden death with the rationing order. It's serviceable clothes, good lasting materials that are now in demand—trills, thin blouses and fine silks aren't wanted any more. Think what it means. A girl buys two dresses during the next twelve months, perhaps also a sweater and a skirt. There are only 28 precious coupons left for stockings (worth two coupons a pair) gloves and all else.

Few people wear hats in London now. But the millinery shops are crowded, because their goods are as yet off the list, and a three-year-old dress will be smartened by a

chic hat and a new purse. It will take imagination but I bet the English women will come out on top! I speak rather feelingly on the subject of clothes rationing, because a few weeks ago I was sorting out clothes in New York trying to decide which were the most important articles to be included in my meager flying allowance. I discarded a suit here, a sweater there, and instead put in some cigarettes, a few lemons and an orange. I thought of English tweeds, the shoes and the woollens. "I'll get warm clothes when I reach London."

Well here I am with plenty of silk dresses, one thin coat and little prospects of keeping warm. They say its summer now, personally I'm slowly freezing to death. Warm summer sunshine seems uncomfortably far off. Would that I could repack my bag—not to return but to come back to London—better prepared!

## Donaldson Candidate For District Attorney

Assistant District Attorney  
Announces Candidacy For  
Republican Nomination

LEROY K. DONALDSON

Attorney Leroy K. Donaldson of 420 Hillcrest avenue, New Castle, present assistant district attorney, today announces his candidacy for the Republican nomination for district attorney of Lawrence county. His candidacy is subject to the Republican primaries to be held on Tuesday, September 9.

Mr. Donaldson, the son of William and Margaret Smith Donaldson, was born in 1907 in Neshannock township, Lawrence county, where the family had resided since pioneer days. He earned his own way through school by carrying newspapers, by working in shop, factory and elsewhere, and by the winning of a college scholarship. He attended the Glen-Moore school of Neshannock township; Oak street school, New Castle; North street school, New Castle; New Castle high school, graduating with the class of 1925; Westminster college, New Wilmington, 1925-1927; University of Wisconsin, 1927-1929, graduating with A. B. degree; School of Law, University of Wisconsin, summer session of 1929 and School of Law, University of Pittsburgh, 1929-1932, graduating with LL.B. degree. He was admitted to practice law in the several courts of Lawrence county in 1932 and subsequently in the various appellate courts, including the Supreme Court of the United States of America.

Since admission to the bar, Mr. Donaldson has maintained his law office in the Lawrence Savings and Trust building, and is associated in his law practice with Mont L. Alley and Errol Fullerton, and formerly also with the late Clyde V. Alley. Prior to his appointment as assistant district attorney by John G. Lamoree, the district attorney, with the approval of President Judge Braham and the late Judge Dickey, Mr. Donaldson had assisted in the conduct of many important investigations and trials, involving murder, rackets, cheats, election frauds and corruption in high and low places. His work of the past several years as assistant, embracing the whole field of criminal investigation and prosecution, has served as a valuable apprenticeship for district attorney.

In his statement of announcement, addressed to the voters of the county, Mr. Donaldson said: "If the people see fit to promote me from assistant to district attorney, I will strive as heretofore to do my duty. My aim shall be to administer the law impartially, affording to each individual his or her guaranteed and constitutional rights. As we go forward together in devotion to our country and its laws in the days that are ahead, I will endeavor to justify by my action our common faith in the American principles of prompt, honest and exact justice for all. "To you, and each of you, throughout the county, I respectfully submit my candidacy for district attorney and invite your influence and support."
